JOHN P. MOHR 6-69

At the conclusion of his training period, Mr. Clegg said he was intelligent, a good mixer, had made a very satisfactory record, and it was believed he was one of the best prospects in his class for development.

He reported to San Francisco for his first office of assignment on 11-11-39. SAC Pieper reported that he had a good knowledge of his duties for an Agent with his limited training and experience, was above average for a new Agent in accuracy and thoroughness, possessed good judgment, could be relied upon to use his initiative, had a degree of forcefulness and application combined with an interest in his work that would make him a good Agent, did not noticeably demonstrate his enthusiasm but the manner in which he performed his duties indicated that he was enthusiastic, displayed maturity with an ability to handle himself, it was felt he had prospects of being a better than average Agent and that he would continue to develop so that he would rapidly be an average Agent with experience, in a minimum period.

On 2-13-40 he was transferred to Los Angeles where he served until 2-22-41. SAC Hood submitted various efficiency reports which indicated that he was forceful and aggressive, displayed initiative and assumed responsibility in his cases, conducted good investigations and was capable of working alone without close supervision, was capable of handling all types of investigations, made a good impression as a speaker before small groups, was an excellent dictator, made a very good first impression, for one of his experience it was felt his work had been outstanding and that he possessed better than average prospects for advancement in the Bureau. On 2-16-41 he was reallocated to CAF-10 at \$3500 per annum.

On 2-22-41 he was transferred to the Seat of Government where he was assigned as a Supervisor in the Chief Clerk's Office. On 7-1-41 he was reallocated to CAF-11 at \$3800 per annum. On 3-31-42 Mr. Glavin rated him as EXCELLENT and said he was qualified to perform all but the accounting and budgetary duties in the Chief Clerk's Office; that it was felt he was qualified to assume Number One Man duties in any of the average size field offices in the country; that he had possibilities of developing further in the service and that he had been performing his duties in an entirely satisfactory manner. On 5-1-42 he was reallocated to CAF-12 at \$4600 per annum.

Mr. Delavigne interviewed this Agent during In-Service Training School in August 1942 and said he made an excellent appearance, had a pleasing and forceful personality, possessed intelligence and self-confidence that was impressive, possessed possibilities for further development in the service, and it was felt he was qualified to handle supervisory and administrative duties.

By letter dated 9-11-42 he was commended by the Director for his splendid performance in "The FBI Front".

On 3-31-13 Mr. Glavin rated him as EXCELLENT and said he had continued in his assignments in the Administrative Division in charge of transfers and miscellaneous associated matters, usually exercised extremely good judgment in his recommendations for assignments of men to certain specific duties in the field, had also handled the reallocation program instituted by the Director and although thousands of recommendations had to be made, he had kept that work in an acceptably current status, was particularly well qualified as a contact man, had propensities for being a good "con" man and one who could be used as a front man for the Bureau, it was felt he was qualified to assume a supervisory position in the field in one of the medium or smaller offices, and that he would develop further in the service.

In a memorandum dated December 17, 1943, Inspector Hendon indicated that he felt that this Agent had above-average possibilities for administrative advancement.

Inspector Acers in a memorandum to Mr. Glavin dated February 22, 1944, reported very favorably on the manner in which this Agent performed his duties in the Personnel Unit while he acted as Number One Man to Mr. Acers, and he indicated that he felt this Agent was fully qualified to act as an Assistant Special Agent in Charge in any office except the seven largest.

In a memorandum dated January 25, 1944, Mr. Glavin submitted this Agent's name as one who should be considered for further development as Special Agent in Charge material.

In an annual efficiency rating dated March 31, 1944, this Agent was rated EXCELLENT by Assistant Director Glavin. He pointed out that Mohr had assumed jurisdiction of the Personnel Unit upon the transfer of Mr. Acers and that his services had been entirely satisfactory. He further reported that he definitely has the necessary ability to advance much further in the service.

This employee has been afforded the Inspector's Aide Training and is a qualified Firearms Instructor.

By letter dated August 2, 1944, SAC Conroy at New York City rated this Agent as VERY GOOD, as a result of the two weeks' field assignment that this Agent completed in the New York Office. He stated that he carried out his duties in an intelligent manner, and that they were logically and capably handled. He further reported that he was cooperative and readily accepted all and any assignments handed to him.

On January 1, 1945, he received a salary increase to \$4800 per annum in Grade CAF-12 under the Uniform Promotion Act.

On a routing slip dated February 21, 1945, Mr. Tolson noted that "Mohr did a good job on the recent In-service interviews."

On 5-1-45, he was reallocated to Grade CAF-13, \$5600 per annum.

On his 1945 Annual Efficiency Report, Mr. Glavin rated him EXCELLENT and said he had continued to do an outstanding job, had excellent contacts with other government agencies throughout Washington and through his efforts and the efforts of his Supervisors, he had been able to establish one of the best liaison arrangements we have ever had with the Civil Service Commission, the U.S. Employment Service and the War Manpower Commission. He continued to keep thoroughly grounded in the many changes in personnel procedure, is in charge of the Personnel Conference held weekly, had assisted in inspections at the Seat of Government and had performed his duties very satisfactorily and it was felt he was qualified for any type of assignment presently being handled by the Bureau and he continued to

maintain what might be called by some as "rugged individualism" yet it was felt that through his definitely not being a yes man, he had done much to improve the personnel service of the Bureau. When he feels he is right, he has no hesitancy of giving full arguments concerning his stand.

Mr. Egan advised he assisted him in the entire inspection of the Records and Communications division and he was found to be a hard worker, was thorough, exercised good judgment, conducted excellent interviews and was above average in all respects. He wrote an excellent report and it was felt he was capable of making an inspection without supervision and was fully qualified to direct the efforts of others on an inspection.

On 6-9-45, Mr. Egan again advised he had assisted in the inspection of the Security Division and stated he was far above average in all respects, was capable of making an inspection without supervision and was fully qualified to direct the efforts of others on an inspection.

He also assisted Mr. Egan on the inspection of the Identification Division in June-July, 1945 and the Bureau was advised he made a very thorough and complete inspection, exercised excellent judgment, conducted excellent interviews and was considered far above the average. It was believed he was capable of making an inspection without supervision and was fully qualified to direct the efforts of others on an inspection. Mr. Egan rated him EXCELLENT.

On 12-14-45, Mr. Glavin listed his name as one who should be considered on a long range basis for the development as Special Agent in Charge.

On 2-24-46, he was afforded a promotion under the meritorious provisions of the Uniform Promotion Act to \$6440 per annum in Grade CAF-13 as an award for superior accomplishments.

On 3-31-46, Mr. Glavin rated him EXCELLENT and said he was especially well versed in veteran matters and had handled all veterans returned to the Bureaus service and comment had been made by veterans in other Government Agencies that the Bureau was handling veteran matters better than any other Government Agency in Washington. He was qualified to assist in inspections, was a good field Agent, possessed administrative and executive ability and there would be no hesitancy in recommending him as SAC in a smaller office or as Assistant SAC in any of the larger offices in the service. He at times due to the intensity displayed by him in the handling of his work might be misunderstood, however, it was felt that in the position in which he was assigned, this quality was an asset rather than a liability. He was qualified in the use of firearms, was likewise qualified to assist in inspections and he could be assigned to any of the investigations handled by the Bureau and could be used on dangerous assignments.

During an inspection of the Administrative Division in April, 1946, Inspector Egan said he was possessed of a good appearance, was intelligent, aggressive, had executive ability and was far above average as an Agent.

Due to a basic increase in pay, effective 7-1-46 and a promotion under the provisions of the Uniform Promotion Act, effective 11-3-46, his salary was increased to \$7581 per annum in Grade CAF 13.

During an inspection of the Administrative Division in December, 1946, Inspector Morgan said he was intimately acquainted with his duties as Personnel Officer, made an excellent personal appearance, had a positive personality, was forceful, obviously aggressive and competent and it was believed he was in an excellent status.

Agent Mohr attended In-Service Training in January-February, 1947.

On 3/31/47 Assistant Director Glavin rated him EXCELIENT.

On 4/30/47 he was transferred to Mr. Tolson's Office.

By letter dated 7/18/47 the Director thanked him for his note relative to the passage by Congress of the Retirement Bill and the signing of it by the President.

By letter dated 9/2/47 the Director commended him for the manner in which he handled his assignment during the absence of Mr. Tolson and himself. The Director further stated that Mr. Mohr had measured up to their expectations and it was gratifying to see one take hold and carry on the way he did.

On 9/21/47 he was designated an Inspector and was reallocated to Grade CAE-14, \$8179.50 per annum.

By letter dated 1/7/48 the Director commended him for his sterling performance in connection with the motion picture film concerning the Bureau, "Street With No Name".

On 3/31/48 Mr. Tolson rated him EXCELLENT. .

As the result of an increase in basic salaries, effective 7/11/48, his salary in CAF-14 was increased to \$8509.50 per annum.

By letter dated 1/25/49 the Director commended him for the outstanding manner in which he hamled the arrangements for the viewing of the Inaugural Parade from Bureau space. It appeared that all of the various details in that connection were most efficiently planned and everything possible was done to make the occasion a most enjoyable one for the guests and employees of the Bureau.

It is to be noted that in connection with the recent analyzing of the Smedley Case the Director was concerned regarding the failure to carry out Inspector Harbo's recommendation of 4/5/48 to assign additional personnel to the Espionage Section of the Security Division. By memorandum dated 3/21/49 Inspector Mohr pointed out that at the time of the inspection he had discussed the recommendation with Mr. Ladd pointing out that the additional supervisors should be well grounded in Security and Espionage investigations in the field and

it appeared that most of the employees of that that type were serving in connection with the Loyalty Program. Therefore, Inspector Mohr and Mr. Ladd agreed that it would be desirable to wait until the Loyalty investigations decreased, which was anticipated to be around July 1, 1948. However, the Loyalty work did not decrease as anticipated by July 1 but extended into September and additional supervisors were not assigned to the Espionage Section until August and September, 1948. With regard to the handling of this matter Mr. Tolson noted, "This was poorly handled in my office." The Director noted, "All in all this was poorly handled. There should be no such extended delays in acting on recommendations of inspections."

### On 3/31/49 Mr. Tolson rated him EXCELLEM.

Effective 4/3/49 his salary in CAF-14 was increased to \$8808.75 per annum under the provisions of the Uniform Promotion Act.

By letter dated 9-30-49 he was awarded his Ten-Year Service Award Key. On 10-30-49 he received a basic increase to \$9000 per annum in Grade GS-14.

His overtime for October, 1950 was 3 hours 18 minutes, for November was 2 hours 51 minutes, and for December was 2 hours 20 minutes.

By letter dated 3-30-50 he was advised the Bureau was concerned with respect to the lack of proper consideration the memoranda submitted to the Department regarding the matter involving Owen Lattimore were afforded. Specifically it appeared that the memorandum submitted under date of 3-22-50 which he reviewed did not include complete information contained in the Bureau's files. In addition it refelcted a statement which was in effect a conclusion and this was contrary to Bureau policy.

### On 3-31-50 Mr. Tolson rated him EXCELLENT.

On 10-1-50 he received a Uniform Promotion to \$9200 per annum in Grade 14.

In a memorandum dated 10-12-50 to Mr. Tolson, Mr. Glavin and Mr. Kohr. the Director said he was extremely concerned at the trend which had markedly developed of failing to bring promptly to the Director's attention matters involving the conduct of personnel. The Director cited three instances within the last several months of which he was cognizant, and said that while he realized the growth of the Bureau had brought many additional problems to it, he insisted that he be promptly informed of any conduct, official or personnel, upon the part of any employees which may reflect upon the Bureau or upon any operations of the Bureau. The Director added that he would not tolerate any future lapses in this respect.

By letter dated 11-16-50 he was advised it had been noted that he had approved for transmittal to the Department of Justice a memorandum furnishing information on Dr. Kathryn McHale which did not contain public source information concerning her which was then available in the Bureau files, and had been brought to his attention by cover memorandum. The memorandum to the Department stated that no derogatory information

identifiable with Dr. McHale was contained in the Bureau files. The public source information which was not forwarded to the Department was of a derogatory nature.

By letter dated 12-2-50 he was advised that the Bureau's attention had been directed to a communication from Senator Willard E. Tydings which requested investigation of two employees of a short-hand reporting firm and it was noted that in response to this request the names of the employees were checked against the Bureau files and no other action taken although a previous request along the same line from the Senator had resulted in full investigation of other employees named by him. Mr. Nohr was further advised that as one of the officials who reviewed and approved the outgoing letter in answer to the second request he was at fault in not noting or not giving sufficient consideration to the ambiguity appearing in the wording of the incoming communication which raised a question as to whether the Senator desired full investigations rather than name checks only.

By letter dated 4-4-51 he was advised the Bureau had the opportunity of reviewing the information submitted concerning the handling by the Identification Division of the record on Bernice B. Smith, and considered him to have exercised poor judgment in his failure to consider this matter of sufficient importance to specifically call it to the Director's or to Mr. Tolson's attention. He was further considered to have erred by failing to recognie the fact that the error very definitely indicated the need for inquiry in order that responsibility for any similar mistake in the future might be definitely determined.

On his 1951 Annual Performance Report Mr. Tolson rated him SATISFACTORY.

By letter dated 4-10-51 he was advised it had been noted that on 2-9-50 he handled an incoming communication from SAC McFarlin which contained conflicting statements which pertained to the separation from service of a former Agent. He was further advised that the conflict in the statements contained in this communication most definitely should have been noted by him at that time.

On 7-8-51 he received a basic increase to \$10,000 per annum in Grade 14.

By letter dated 8-10-51 he was censured for the inadequate manner in which he discharged his responsibility in connection with the review of the administrative memoranda concerning an official inquiry into certain occurrences in the Records Section.

By letter dated 8-14-51 he was advised that his memorardum of 8-6-51, containing his addendum regarding his handling of memoranda relating to a survey on the possibility of replacing Agent Supervisors with high-grade clerical supervisors in the Security and Investigative Divisions, had been reviewed. The manner in which this matter was handled by him indicated that appropriate thought and consideration was not afforded this matter on his part.

On 3-31-52 Mr. Tolson rated him SATISFACTORY.

### His overtime for March, 1952 was 3 hours 53 minutes.

By letter dated 4-28-52 he was advised of the Bureau's sorrow on the death of his father. By letter dated 5-7-52 he expressed deepest appreciation on behalf of his family and himself for the expressions of sympathy extended at the time of his father's death.

On 7-20-52 he was reallocated to Grade GS-16, \$12,000 per annum.

His daily average overtime for August, 1952 was 2 hours 40 minutes.

On 3-31-53 Mr. Tolson rated him SATISFACTORY.

His daily average overtime for April, 1953 was 2 hours 30 minutes.

By letter dated 10-2-53 the Director congratulated him on his completion of fourteen years' association with the FBI. The Director said it had been most gratifying to him personally to be associated with Mr. Mohr and to have the benefit of Mr. Mohr's services over these many years.

On 1-17-54 he received a Uniform Promotion to \$12,200 per annum in Grade GS-16.

On 4-11-54 he was afforded a SUPERIOR ACCOMPLISHMENT AWARD to \$12,400 per annum in Grade GS-16, in view of his outstanding services over an extended period of time and particularly during the preceding six months. Mr. Mohr was directly responsible for the assignment of Agents to the various field offices and it was his responsibility to insure that sufficient Agent personnel was available in these offices to handle any contingencies which may arise. This assignment had been most difficult during the preceding six months due to a number of major cases requiring large squads of Agents and it had been further complicated by a shortage of Agent personnel. Mr. Mohr had consistently demonstrated exceptional foresight, planning ability and a broad understanding of the problems at hand in carrying out these assignments. Also, Mr. Mohr had been sent out by the Director on several highly confidential assignments of a particularly delicate nature requiring talents beyond those normally expected of one in his position. His superior handling of these intricate problems had made it possible to rely upon him more than would be reasonably expected.

On 3-31-54 Mr. Tolson rated him SATISFACTORY.

On 6-1-54 he assumed the duties of Assistant Director in the Administrative Division, having been designated to this position by letter dated 5-17-54.

Also, on 6-1-54 he was reallocated to Grade GS-17, \$13,000 per annum.

During an inspection of the Administrative Division in August, 1954, Inspector Strong said he had taken firm hold of the Division and had made very productive use of personnel. He was a firm administrator and executive, and a strict disciplinarian. He made an excellent appearance, had a splendid attitude and was doing an entirely satisfactory job. The Division was rated VERY GOOD in Physical Condition and Maintenance, Operations and Administrative Operations, and EXCELLENT in Personnel Matters and Liaison.

By letter dated 10-8-54 he was CENSURED because of the dilatory manner in which his Division handled a written request from the Chicago Division of 8-9-54, concerning the placing of exhibits in the new office space there. It was not until 9-28-54 that memoranda regarding this matter reached the Director. Furthermore, Mr. Mohr advised he was unable to definitely fix responsibility for the failure to promptly handle this correspondence due in large measure to the fact that the mail and various memoranda prepared were not time-stamped when forwarded from one individual to another. He was advised that this was in violation of well-established instructions.

The Director saw him on 11-10-54, and said Mr. Mohr expressed his regret over the incident which had developed resulting in a leak, apparently from lhis Division, concerning the recommendations for certain transfers of SAC's. Mr. Mohr stated that unfortunately the handling of the files incident to making this recommendation had made the contemplated recommendation known to quite a number of persons and this had been an error in judgment upon his part and efforts were being made to see that this procedure was corrected in the future. The Director told Mr. Mohr he would be less than frank if the Director did not express to him his extreme concern over the laxity of security in the Administrative Division. The Director pointed out it. seemed to be a shame that recommendations could not be made without them being leaked at once to the field before the Director even had an opportunity to approve or disapprove them. The Director stated he felt until the identity of the individual who had so grossly betrayed his trust as an employee of the FBI was ascertained that the Director could not have full confidence in the functioning of the Administrative Division.

By letter dated 2-14-55 he was <u>CENSURED</u> for permitting 5 items of mail containing errors to clear the Administrative Division during the past 2 weeks.

By letter dated 2-24-55 he was COMMENDED for his efforts in having material so well prepared for budget hearings before the House Committee this year.

On 3-13-55 he received a basic increase to \$13,975 per annum in Grade GS-17.

By letter dated 3-22-55 he was CENSURED for reviewing and approving 6 items of outgoing mail containing errors which he did not detect during the

past five weeks. He was advised the Bureau was not unmindful of the fact that it was necessary for him to review a heavy volume of official correspondence daily. However, he was instructed to exercise the highest degree of care in his review of outgoing mail in order that it will be free of errors.

On 3-31-55 Mr. Tolson rated him SATISFACTORY.

By letter dated 5-3-55 he was <u>CENSURED</u> for the inaccurate tabulation of letters of censure chargeable to the El Paso Office for March, 1955, which improperly charged that office for one letter of censure which concerned an error committed by the Agent in his prior office of assignment.

By letter dated 5-16-55 he was CENSURED in view of the fact that a Special Agent Supervisor of his Division, Albert P. Gunsser, had gone to a nearby restaurant for personal business on 5-9 and 5-10-55, after he had recorded on the sign-in and -out register that he was ready to assume his official duties.

By letter dated 5-23-55 he was <u>COMMENDED</u> and through him the Bureau's APPRECIATION was expressed to those employees of the Administrative Division was participated in making the Attorney General's Staff Conference at Quantico so effective.

By letter dated 6-21-55 he was COMMENDED for his efforts in connection with Operation Alert. He was advised he should certainly be proud in the knowledge that his enthusiasm and diligence were instrumental in making this a worth-while test of the Bureau's operating procedures.

By letter dated 7-11-55 he was CENSURED for his failure to participate in scheduled firearms training for the latter half of the fiscal year 1955, and for the failure of three of his surbordinates to attend one of the scheduled firearms training periods during this time.

By letter dated 7-19-55 he was CENSURED inasmuch as an inquiry made by the Training and Inspection Division into the handling of Imprest Funds in the FBI field offices had disclosed that the Administrative Division had been most lax in supervising this project. The Director had repeatedly indicated the urgent need for tight and meticulous handling of such funds; however, he (Mr. Mohr) had failed to heed these warnings.

By letter dated 8-17-55 he was <u>CENSURED</u> for his failure to take into consideration the fact that an employee of the Bureau was a veteran when submitting recommendation for administrative action in the case of the employee.

On 8-25-55 Mr. Holloman talked to Mr. Mohr concerning the items on his list and advised him it would be necessary that all items on his list be handled by the close of business 8-26-55 and Mr. Mohr informed Mr. Holloman they would be so handled. In regard to the handling of a suggestion made by SA William M. Mooney at an interview with Mr. Mason concerning stenographic salaries in the Bureau. Mooney felt that we should have a Grade Five stenographic position and also made the observation that the stenographers at the Seat of Government were not quite as well qualified as stenographers in the Field. In this connection, the Director noted "Why has it taken from August 2 to August 25 - over 3 weeks to handle this?" By memorandum dated 8-30-55 Mr. Mohr advised the memorandum with respect to this matter had gone forward to the Director under today's date (8-30-55) although he had prepared an initial memorandum on 8-25-55; however, Mr. Mohr said Mr. Nichols felt that there were several aspects of this memorandum which should be given careful study. Mr. Nichols felt that the Executives Conference should be given an opportunity to consider specific questions as to whether we should raise the standards for stenographic employees from 80 words a minute to perhaps some higher rate per minute. Mr. Mohr presented the matter to the Executives Conference and they recommended no change. In this regard Mr. Nichols noted "This is correct and I assume this responsibility for delay." Mr. Mohr said the delay in connection with the preparation of this memorandum was occasioned by the fact he was desirous of collecting and obtaining as much information as possible with respect to the situation as we could get. Furthermore, he did not give this matter the priority to which it was entitled and he was responsible for a considerable period of the deby in the handling of this matter. Mr. Mohr initially asked Mr. H. L. Edwards to check into this matter and get the background information for him, which he did promptly. Mr. Mohr regretted the delay in handling this matter and the Director may be assured that in the future he would handle such matters more promptly.

Also, in connection with the handling of a request from Frank Chambers in the Department dated 8-17-55, concerning new statutes enacted during the last sessions of Congress which would impose new and additional responsibilities and obligations on the Department and result in additional cost of operation, the Director asked, "Why has it taken from Aug. 18 to Aug 25 one week to dispose of this?" By memorandum dated 8-30-55 Mr. Mohr said it was his recollection that this memorandum was received by him late Thursday afternoon, 8-18 or early Friday 8-19. Mr. Mohr said he promptly assigned it to Mr. Gunsser to gather the necessary material and obtain the estimates from the Investigative and Domestic Intelligence Divisions. Mr. Gunsser handled his phase of the work promptly. As Mr. Mohr recalled, he Mr. Gunsser had a memorandum prepared on Tuesday, August 23. Mr. Mohr talked over various aspects of it with Mr. Callahan and there were a number of items of legislation where Mr. Gunsser had been unable, to obtain estimates from the

Domestic Intelligence Division. Mr. Mohr personally discussed these with Mr. Belmont and they were able to arrive at some conservative and reasonable estimates. The memorandum in question was redrafted and retyped and was ready for dispatch on August 25. Mr. Mohr stated at the same time, similar data was being worked on for a memorandum to the Attorney General which was also ready for dispatch on August 25. Mr. Mohr stated any delay in connection with this matter was attributed to his (Mr. Mohr's) handling which he sincerely regretted. In connection with the above mentioned items the Director noted, "There is just too much delay in handling these kinds of matters."

By letter dated 9-16-55 he was <u>COMMENDED</u> for the splendid record thus far achieved by the Administrative Division in the 1955-56 FBI Employees Consolidated Charity Drive.

By letter dated 9-26-55 he was CENSURED for an excessive number of non-substantive errors which he failed to detect in correspondence personally reviewed and approved by him during the past 18 weeks.

By letter dated 10-2-55 the Director congratulated him on his sixteenth anniversary with the FBI.

By letter dated 10-25-55 he, and the personnal of his Division, were COMMENDED for their participation in the Suggestion Program.

His daily average overtime for October, 1955 was 2 hours 47 minutes.

By memorandum dated 11-4-55 the Director expressed to Mr. Mohr his great displeasure for the manner in which an anonymous communication, which was received in the Bureau in November, 1954, was handled by the Administrative Division. This communication alleged certain individuals employed in the Government, among whom was Joseph Kelly, FBI, were sexual deviates and although there was only one Joseph Kelly assigned to the Seat of Government no effort was made to interview him or otherwise determine whether he might be identical with the person referred to in the anonymous communication. The Director said the Administrative Division was grossly derelict in not processing this card and the Director wanted it distinctly understood that in the future should such communications be received or allegations be made concerning possible Bureau employees definite action be taken to prove or disprove such allegations.

He was COMMENDED by letter dated 11-17-55 due to the fact that no mail was returned to the Administrative Division for correction of errors during the work week beginning 11-7-55.

His daily average overtime for November was 2 hours 58 minutes.

On 12-4-55 he received a Uniform Promotion to \$14,190 per annum in GS-17.

By letter dated 12-13-55 he was COMMENDED for his highly capable performance during the recent alert test.

His daily average overtime for December was 2 hours 43 minutes.

During an inspection of the Administrative Division in January, 1956, Mr. Tamm said Mr. Mohr was an extremely capable individual. He had a complete knowledge of all the operations of the Division, and he was very forceful and personable. Mr. Tamm felt that since his assignment to the Administrative Division he had done a great deal to improve the operations of this Division. He was a strict disciplinarian and had promoted excellent morale in the Division. The various functions of the Division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE	GOOD
PENDING WORK	VERY GOOD
ADMINISTRATIVE OPERATIONS	GOOD
PERSONNEL MATTERS	VERY GOOD
CONTACTS	EXCELLENT

By letter dated 2-9-56, reference was made to the inspection conducted by Mr. Tamm in January, 1956, and he was advised among other things that it was pleasing to note pending classifications of Bureau positions in the Personnel Section had been reduced from 487 in January, 1955, to 85 in January, 1956, and that vouchers on hand to be audited had been reduced from 298 on December 31, 1954, to 113 on December 31, 1955. The use of Sick leave should be closely followed, and the inspection results indicated generally favorable findings concerning the operations of the Administrative Division.

He was COMMENDED by letter dated 2-2-56 for the excellent manner in which the material for the Director's use was prepared when the Director appeared before the House Appropriations Committed on 2-1-56.

By letter dated 2-27-56 he was CENSURED in connection with the maintenance of automotive equipment utilized at the Seat of Government inasmuch as it was apparent there had been a serious breakdown in this phase of the functions in his Division. The vehicles were in an extremely dirty condition on 2-23-56, and since he had the over-all responsibility for this operation he was very definitely at fault.

His daily average overtime for January, 1956, was 3 hours 30 minutes, and for February was 4 hours 40 minutes.

By memorandum dated 3-16-56 the Director said that on this date there came to his desk a recommendation for cash awards to 3 employees, two of whom had been driving buses and one of whom had been driving a carry-all. The Director approved these awards, and later made inquiry of Mr. Tolson if any one of these three had been involved in the incident which resulted in a

letter of censure being directed to Mr. Mohr on 2-27-56, and Mr. Tolson said he would make inquiry. The Director said he had been advised by Mr. Tolson that one of these three was involved in this "mess." The Director said he was very definitely of the impression he had failed completely to impress upon Mr. Mohr and his Division how seriously the Director considers the derelictions in the improper care and handling of The Director wanted to stress most emphatically that the motor vehicles. he did not intend to stand for what up to this time the Director had assumed was carelessness, but now gives indication of being deliberate insubordination, and if the Director sees any further evidence of it, he shall take drastic disciplinary action. Mr. Mohr was CENSURED by letter of 3-28-56 for recommending these three employees for cash awards when actually one of the employees recommended was under consideration for disciplinary action in connection with a survey being conducted by the Training and Inspection Division regarding the maintenance of motor vehicles at the Seat of Government.

By letter dated 3-26-56 he was CENSURED for the manner in which his Division carried out its responsibilities relating to the inspection of Bureau cars.

On 3-31-56 Mr. Tolson rated him SATISFACTORY.

His daily average overtime for March was 3 hours 33 minutes, April, 2 hours 28 minutes, and May, 2 hours 33 minutes.

He was <u>CENSURED</u> by letter dated 6-19-56 for the failure on the part of personnel under his supervision to properly analyze a communication dated 5-17-56, received from former SA W. George Goold in which he advised of a serious personal problem confronting him and indicated he was interested in a transfer to any one of his offices of preference.

His daily average overtime for June was 3 hours 02 minutes.

He was COMMENDED by letter dated 7-26-56 for his outstanding job of handling his responsibilities during the recent Operation Alert. His daily average overtime for Julywas 6 hours 23 minutes, for August, 4 hours 11 minutes, and for September, 3 hours 40 minutes.

By memorandum dated 9-4-56, Mr. Nichols advised Mr. Mohr had attended the annual convention of the American Bar Association in Dallas, Texas from 8-27 to 8-31-56, and Mr. Nichols said Mr. Mohr circulated with ease and in Mr. Nichol's opinion, handled himself in a very effective manner. His conversation with perfect strangers which he met for the first time was pointed and he was always pushing the Bureau, and Mr. Nichols thought he got around surprisingly well.

By letter dated 10-2-56 the Director congratulated him on his Seventeenth Anniversary with the Bureau, and by letter dated 10-2-56 Mr. Mohr thanked the Director for remembering his anniversary.

His daily average overtime for October was 2 hours 36 minutes.

By letter dated 11-13-56 APPRECIATION was expressed to him and through him to his associates who cooperated in the preparation of the material which was used in the new book "The FBI Story."

His daily average overtime for November was 2 hours 48 minutes, and for December was 2 hours 50 minutes.

By letter dated 1-30-57 the Director advised him his helpfulness in connection with the preparation of material for the Director's use before the House appropriations Committee was indeed appreciated.

His daily average overtime for January, 1957, was 3 hours 15 minutes, and for February was 3 hours 20 minutes.

By letter dated 3-26-57 he was <u>CENSIRED</u> inasmuch as during the past several months he had reviewed and approved a number of items of official correspondence containing nonsubstantive errors which he failed to detect and have corrected.

On 3-31-57 Mr. Tolson rated him OUTSTANDING, and by letter dated 4-5-57 he thanked the Bureau for the Outstanding rating afforded him. By letter dated 4-11-57 he was also advised that an INCENTIVE AWARD had been approved for him in recognition of the superior fashion in which he had directed the many and varied functions of his Division. There was enclosed a check in the amount of \$410.00, which represented an award of \$500.00, less withholding tax.

His daily average overtime for March was 2 hours 52 minutes; April, 2 hours 56 minutes; and May, 3 hours.

On 6-2-57 he received a Uniform Promotion to \$14,405 per annum in Grade GS-17.

By letter dated 6-26-57 he was <u>CENSURED</u> since new clerical employees having no housing problems were permitted to leave class before the close of business on the first day along with the group who had to locate housing. In this connection the Director commented, "I never suspected any such slipshod procedures."

His daily average overtime for June was 2 hours 33 minutes; July, 3 hours 18 minutes; and August, 33hours 20 minutes.

His daily average overtime for September, 1957, 3 hours 20 minutes; October, 2 hours 26 minutes.

On 10-2-57 the Director congratulated him on his Eighteenth Anniversary with the Bureau.

On 10-29-57 he was promoted to grade GS-18, \$16,000 per annum.

His daily average overtime for November, 1957, 2 hours 42 minutes; December 3 hours 54 minutes; January, 1958, 4 hours 5 minutes; February, 3 hours 4 minutes.

By letter dated 1-10-58 he was <u>CENSURED</u> in view of the number of non-substative errors discovered in official communications approved by him.

On 1-12-58 he received a basic increase to \$17,500 per annum in GS-18.

By letter dated 1-16-58 he was COMMENDED for the manner in which the budget material was prepared.

His daily average overtime for March, 1958, 3 hours 4 minutes.

On 3-31-58 he was rated OUTSTANDING by Mr. Tolson.

His daily average overtime for April, 1958, 2 hours 53 minutes; May, 2 hours 43 minutes.

By letter dated 5-9-58 he was given a CASH AWARD in the amount of \$500 in recognition of the outstanding annual performance rating covering his services for the period 4-1-57 to 3-31-58.

His daily average overtime for June, 1958, 2 hours 28 minutes; July, 4 hours 29 minutes.

By letter dated 7-22-58 he was <u>CENSURED</u> in connection with an article which appeared in the "New York Times" on 6-22-58. This article attributed a tabulation of certain crimes to the FBI. The tabulation in the news item was completely inaccurate and prompt consideration should have been given to possible Bureau action in the situation. Notwithstanding this, when the news item was received in the Administrative Division it was initiated without any apparent consideration regarding necessary action.

His daily average overtime for August, 1958, 5 hours 1 minutes; September, 3 hours 56 minutes.

By letter dated 9-9-58 he was CENSURED as a result of the inquiry made into the use of personally owned ratiomobiles on official business. It had been ascertained that a definite weakness exists in the controls maintained at the Seat of Government. No check was made to determine the circumstances under which personally owned automobiles were used on official business.

DURING AN INSPECTION OF THE ADMINISTRATIVE DIVISION IN SEPTEMBER, 1958, Inspector J. F. Malone advised that he was a hard-hitting administrator who had a good understanding of the operations of his division and of the Bureau as a whole. He was very proud of his Division and its work. The various functions of the division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE ... VERY GOOD PENDING WORK .... VERY GOOD ADMINISTRATIVE OPERATIONS ... VERY GOOD PERSONNEL MATTERS ... VERY GOOD CONTACTS AND LIAISON ... EXCELLENT

By letter dated 9-23-58 he was advised of the results of the inspection of the Administrative Division and among other things, advised that he should make certain that he implement the corrective action recommended in regard to control over the use of personally owned automobiles in the field. The production in the stenographic pool was below the average for other Divisions at the Seat of Government. The vocation records contained dat a which was no longer accurate or current. The Division was commended on accomplishments in the Health Service.

On 10-2-58 the Director congratulated him on his 19th Anniversary with the Bureau.

His daily average overtime for October, 1958, 2 hours 48 minutes; November, 2 hours 31 minutes; December, 2 hours 12 minutes; January, 1959, 2 hours 36 minutes; February, 2 hours 59 minutes.

By letter dated 2-5-59 the Director expressed appreciation for his helpfulness in connection with the preparation of the material for the Budget Hearing on 2-5-59.

On 3-31-59 Mr. Tolson rated him EXCELLENT.

His daily average overtime for March, 1959, 1 hour 43 minutes; April, 1 hour 40 minutes; May, 2 hours 1 minute; June, 2 hours 10 minutes.

Dear John:

It occurred to me that you may wish to have the enclosed copies of my prepared testimony before the Judiciary Committee of the United States Senate.

I send these to you because you devoted so many years of your life to making the FBI the institution that it is in our country.

With my best wishes and warm regards,

Sincerely,

### INSTRUCTIONS TO EMPLOYING AGENCY

#### COMPLETION OF CERTIFICATION

- 1. This Certification must be completed in triplicate whenever an employee's insurance terminates for:
  - a. Death.
  - b. Retirement on an immediate annuity with 12 or more years' creditable service, of which at least-5 years are civilian service, or on account of disability. (An immediate annuity is one which begins to account not later than 1 month after the date the insurance would normally cease.) In a disability retirement case, do not complete SF 56 until a finding of disability has been officially made and the employee's separation is in order.
  - c. Completion of 12 months in a non-pay status or separation, and the employee is receiving benefits under the Federal Employees' Compensation law, and held unable to return to duty.
  - d. Any other reason, if the employee desires to convert his life insurance, except under the following cirsumstances:
    - (1) Employee waived or declined on SF 176 (or SF 176-T);
    - (2) If it is known that, within 3 calendar days after the date the insurance terminated, the employee will return to Government service in the same or another position in which he will be eligible to reacquire Federal Employees Group Life Insurance;
    - (3) More than 75 days have elapsed from the date insurance terminated unless specific request is made therefor by the Civil Service Commission or the Office of Federal Employees' Group Life Insurance.
- 2.If insurance terminated on account of death, indicate in item 3(a) whether the employee had filed an Application for Retirement (SF 2801) with the Civil Service Commission.
- 3. In item 8, give date of Notice of Conversion Privilege (SF 55), except that if this form (SF 56) is issued in lieu of SF 55, give current date. In case of death, leave this item blank.
- 4. It is important whenever a duplicate SF 56 is issued to replace one which has been lost, that it be clearly marked "DUPLICATE".

#### DISPOSITION OF CERTIFICATION

- 1. Death of employee
  - a. Send duplicate of SF 56 immediately to the Office of Federal Employees' Group Life Insurance.
  - b. Keep the original (preferably in the Official Personnel Folder or its equivalent) for attachment to a claim for death benefits (Form FE-6) when received.
  - c. If no claim is received, send original SF 56, upon request, to the Office of Federal Employees' Group Life Insurance.
  - d. If the deceased employee has a current Designation of Beneficiary (SF 54) on file, the SF 54 must be attached to the original SF 56 when it is sent to the Office of Federal Employees' Group Life Insurance.
- 2. Retirement of employee
  - a. If the employee is applying for an immediate annuity with 12 or more years' creditable service (of which at least 5 years are civilian service) or for disability, attach the original SF 56 and current Designation of Beneficiary (SF 54), if any, to the Application for Retirement and give duplicate of SF 56 to the employee, [NOTE: In a disability retirement case where the retirement application has already been sent to the Civil Service Commission, attach the original SF 56 (and SF 54, if any) to the "FINAL" Individual Retirement Record (SF 2806).
  - b. If the employee wants to continue only his regular insurance, have him complete a SF 176 declining his optional insurance. If he wants to convert only his optional insurance, prepare a statement (see below), in duplicate, for him to sign, attach both copies of the statement to the original SF 56, and submit with application for retirement as instructed in 2a above.

#### **Illustrative Statement**

"I want to continue my regular insurance after retirement but would like additional information on converting my optional, insurance."

(Date)

(Employee's signature) (Address—print or type)

- c. If the employee prefers to convert both his regular and optional insurance to an individual policy, give him the original and duplicate copy of the SF 56. Retain SF 54, if any.
- 3. If employee is receiving compensation benefits
  - a. Before completing item 7 contact the local Bureau of Employees' Compensation Office, if necessary, to confirm whether the employee still has optional insurance.
  - b. Have the employee complete appropriate box on reverse side of the original SF 56. Send original SF 56 and current Designation of Beneficiary (SF 54), if any, to the U. S. CIVIL SERVICE COMMISSION, BUREAU OF RETIREMENT AND INSURANCE, WASHINGTON, D. C., 20415, and give duplicate copy of SF 56 to the employee.
  - c. If the employee prefers to convert his group insurance to an individual policy, give him the original and duplicate copy of the SF 56. Retain SF 54, if any.
- 4. All other cases—

Upon request, give the employee the original and duplicate copy of the SF 56 or mail them to him.

5. In all cases-

Retain file copy of the SF 56 in the employee's Official Personnel Folder or its givalent.

#### PROMPT CERTIFICATION REQUIR

The time in which an emproyee may convert his group life insurance to an individual policy is limited. This SF 56 must be completed and delivered or mailed to him promptly.

Mr. John P. Mohr 3427 North Edison Street Arlington, Virginia 22207

Dear John:

I am taking the liberty of enclosing a copy of a book which was designed as a memorial tribute to Mr. Hoover by the Congress which I thought you might like to have. As a matter of interest, the issuance of this book sets a precedent inasmuch as Mr. Hoover is the first person to be so honored who has not served in the Congress or been a President of the United States. This is certainly a fitting tribute to a great patriot whose name will be long remembered by all of us who had the pleasure of serving with him.

With my warmest best wishes,

(men)

Sincerely,

Dear Clarence:

As I told you on the phone, it was a pleasure receiving your kind and thoughtful letter along with the fine memorial book to Mr. Hoover.

Of all the things that have been said of Mr. Hoover, or can be said of him, is the fact that he was truly a "Great American." I shall always cherish the fact that he was not only a great and trying boss, at times, but also a warm and kindly friend.

My very best to you always.

# Defends Its Congress Files

By Jeremiah O'Leary Star News Staff Writer

Federal Bureau of Investigation officials today admitted that the agency has been keeping files on members of Congress since the era of the late J. Edgar Hoover, and defended the practice as valid.

These same officials also said that when damaging information on congressmen or members of their families comes into the possession of the bureau, it is routinely forwarded to these senators and representatives.

It is a standard practice instituted by Hoover and continued to this day, according to officials who held high rank under Hoover, and present officials of the FBI.

Former Assistant Director Cartha D. Le Loach said there were a variety of valid reasons for retaining such files. Former Assistant Director John P. Mohn and FBI spokesman George Quinn supported De Loach's statement that the bureau had never set out to gather damaging information about a member of Congress except in legitimate investigations of suspected criminal violations likely to result in prosecution within FBI jurisdiction.

The officials made these points:
No more than 30 congressmen were ever subjects of the FBI central filing system.

• Many of those files contained only copies of correspondence between the congressman and Hoover. An example is the correspondence file between Hoover and Senate Majority Leader Mike Mansfield, D. Mont., when Hoover was planning to move the FBI field office from Butte to Great Falls, Mont., and Mansfield asked Hoover to cancel

the shift. Hoover did so. Other files are of correspondence in which congressmen have made inquiries about constituents and their problems.

- whenever the FBI has begun a legitimate investigation of possible criminal violation of federal law by a congressman, a rule established by Hoover requires that the legislator be notified that the investigation is under way. The officials cited as typical the case of Rep. John Dowdy, D-Tex., who was convicted of perjury after an FBI investigation and sentenced to six months in prison and a \$3,000 fine.
- When an FBI agent encounters or is offered information about the sex life, drinking habits or other activities or a member of Congress, it is reported through channels and becomes part of the general file. These illes are secret from press and public but not from FBI employes. Derogatory information received anonymously or volunteered to an FBI agent is reported to the congressman for his own protection.

   Information about congressmen was never used for political blackmail.

Mohr and De Loach said in separate interviews that Hoover did keep a file of his own on prominent personalities, including congressmen, but both said this file was a product of Hoover's penchant for writing letters of congratulation or condolence to such figures on the occasion of birthdays, deaths, awards or honors received.

"The old man (Hoover) had a strong sense of public relations," De Loach said from his home in Connecticut. "He'd keep track of things like birthdays, weddings and

the like and he had a tickler file for anniversiary dates. His-personal secretary, Miss Helen Gandy, kept these files up to date in several cabinets in her office of Hoover's suite."

MORH SAID, "Hoover kept some of these files and correspondence copies in Miss Gandy's office because he didn't want office clerks browsing through them. One file I know that was kept out of the general files was Richard Nixon's application to become an FBI agent about 30 years ago."

Mohr differed with a Washington Post account of the destruction and disposition of these files by Miss Gandy. Mohr denied saying that the files were destroyed on the day of Hoover's death, May 2, 1972.

"She started cleaning out these personal files in Hoover's lifetime and on his orders," Mohr said. "This was long before he died and he told her to get rid of the files because he didn't want her personal correspondence used in any books that were wirtten about him after he was gone. He also had a thing about not wanting anybody to sell the autographs on the letters he had from famous people.

"The morning Hoover died, Miss Gandy called me pretty soon after it happened and I called Acting Atty. Gen. Richard Kleindienst to tell him. He asked me to come to his office and when I got there he had Gray (later Acting FBI Director L. Patrick Gray, who was a Kleindienst aide in the Justice Department at the time) with him.

"KLEINDIENST told me to secure Hoover's office and tell him when it was done. He-probably thought there was something there that might hurt the Nixon administration. I knew there was nothing in Hoover's own office but I did what he told me. I had the laboratory change the locks at once The day after Hoover's death, Gray came to see me and said, 'Where are the secret files?' I said that there weren't any secret files except the ones on national security wiretaps that had been kept in the office of Assistant Director William Sullivan. I told Gray these thes had been sent to Asst: Atty. Gen. Robert Mardian, not knowing at the time that they had then been sent to the White House office of John Ehrlichman.

Gray kept asking me about secret files and I told him everything was in the general files with the exception of Hoover's personal cor-

respodence files in Miss Gandy's office. This was mainly memorabil-

Mohr said he didn't secure the Gandy office because Kleindienst has ordered only Hoover's office secured. Miss Gandy, he said, completed the shredding of these personal files of Hoover's except for a collection of what the FBI calls IC's, or Interesting Case files, and some brief summaries of FBI cases. Thes IC's and briefs, Mohr said, were given by Miss Gandy to former Assistant Director Mark Felt.

De Loach said Hoover was always extremely careful about congressmen and had ordered FBI agents to stay away from Capitol Hill unless they were there on authorized investigative bueiness.

"WHEN SOMEONE gave some damaging information to an agent about a congressman," De Loach said, "they always reported it. And 99 and nine-tenths of the time, it was the practice to notify the congressman about the information received. We would never tell them the source of it but we wanted them to know about it for their own protection.

"It went into the files because we had frequent dealings with members of Congress and the information was used to brief agents who might have business with them."

Mohr said the FBI retained information for its own protection as well. He said it was important for the FBI to know, when it got an inquiry from a congressman, to know whether he was a boozer and whether he was a responsible person with whom the bureau could deal on confidential matters.

De Loach, Mohr and Quinn said they knew of no cases where the FBI was ordered to seek out damaging information on a member of Congress, including former Rep. William Anderson. Anderson, now a Washington resident, was detested by Hoover because of his defense of the Berrigan brothers. Anderson told the Star-News last night he had no direct knowledge that he was investigated by the FBI or that he had been wire-tapped.

HE SAID a friend of his had encountered a woman in a Nashville bar who related that one or two men purporting to be FBI agents had asked her if she had ever rendered Anderson service as a prostitute. Anderson's unidentified friend, he said, was told by the girl she had never met Anderson. "I didn't press

the matter," Anderson said, "because they just wouldhave said, "Who, us?"

Quinn declared, "My God, does anybody think we could get away with that kind of stuff with the kind of agents we have? The FBI agents themselves would be the first to blow the whistle if we went out looking for damaging information about the personal lives of congressman. They wouldn't stand for it. What kind of people do you think we are?"

Meanwhile, a member of the House Judiciary Committee says he will call present and former FBI officials to testify the files.

Rep. Robert W. Kastenmeier, D-Wis., who heads the subcommittee on administration of justice, called the FBI spying as "insidious as Watergate."

"The Congress has been lied to," he said." There has been a cover-up so this would not be revealed. Any time you have files on congressmen you have the question of destruction of our form of government because of intimidation of members of Congress."

He said he hoped to have the officials, including Director Clarence M. Kelley and former Acting Director L. Patrick Gray, testify under oath before his subcommittee within three weeks.

Kastenmeier said another subcommittee of the judiciary committee would look into FBI files as part of its inquiry into government invasions of privacy, United Press International reported. Sen. John O. Pastore, D-R.I., wants the select congressional committee expected to be formed soon to investigate domestic spying by the Central Intelligence Agency to also probe the FBI files.

"If the (disclosures) are true, this is a sad commentary on a Democratic and open society," Pastore, chairman of the judiciary dibcommittee of the appropriations committee, told the Washington Post.

Hoover saw all information that was volunteered to agents and reported to headquarters about prominent Americans and their weaknesses. Some of this information admittedly was the second-hand product of wire taps, that is, wire taps on other persons who either telephoned Congressmen or talked about them. In the Dowdy case, the FBI put a "bug" on a key witness who was implicated in a bribery case and who became a government witness to escape prosecution.

COINTELPRO

On November 16, 1974, the writer contacted former Assistant Director to the Director John P. Mohr and reviewed with him some of the off the record material which had been furnished to the Director for use before our House Appropriations Subcommittee as reflected in the attachment. I inquired of Mohr on those occasions when he was present whether he recalled the Director reviewing with the members of the Subcommittee the material bearing his, the Director's, markings.

Mohr said he vividly recalled on several occasions the Director furnishing in detail information to our Subcommittee of the House Appropriations Committee specific instances and details relating to this program and that the members were most impressed with the material furnished and in fact were commendatory in their comments that the FBI was taking some action with regard to the organizations and groups discussed and none made any critical comments to these operations. Mohr stated he would be glad to back this statement up any way we wished. I thanked him for his assistance.

With regard to the occasion indicated on which the writer accompanied the Director, I likewise recall that there were several instances of which I cannot specify at this time from recollection, cited by the Director in connection with the situations involved in an off the record discussion with the members and the questioning of the Director with regard to the Bureau's efforts in this area to neutralize the groups and organizations involved and there was no critical comment made in regard thereto.

The above is submitted for record purposes. Enc. NPC:gt 1 - Mr. Adams 1 - Mr. Wannall 1 - Mr. Mintz 1 - Mr. McDermott

Reference is made to the conference in the Deputy Attorney General's Office on June 21, 1974, between Associate Director Nicholas P. Callahan, Deput; Associate Director E. S. Miller, Assistant Director O. P. Jacobson, Inspector Thomas J. Smith, Mr. Lawrence Silbergan, the Deputy Attorney General and Mr. James Wilderotter, Associate Deputy Attorney General, concerning captioned matter. Earlier, on June 14,. 1974, the Deputy Attorney General advised Mr. Callahan that he had received information from attorney that he, the attorney, had noticed, an reviewing documents . pertaining to the electronic surveil ance on that FBI logs indicated telephone had been overheard on May 9, 10, and 11, 1969, whereas the Attorney General's approval for the electronic surveillance was dated, May 12, 1969. The Deputy Attorney General requested Lam clarification on this matter.

Pursuant to the Deputy Attorney General's request on June 21, 1974, the following is a summary of information relating to the matter. Copies of partinent FD 302's and other pertinent documentation are attached hereto. The Deputy Attorney General advised that a copy of this summary and attachments will be made available to the Senate Foreign Relations Committee and to Legal Adviser, Department of State, under the same conditions other material has been furnished these recipients.

Our files contain a memorandum for the Attorney General.

Our files contain a memorandum for the Attorney General dated May 12, 1969, captioned "Colonel Alexander M. Haig, Technical Surveillance Request." This memorandum stated Haig came to the FBI on May 10, 1969, (Other information in our files indicates Haig talked to Mr. William C. Sullivan regarding the matter.) and stated a request was being made "on the highest authority" which involved a matter of most grave and serious consequence to our national security. The memorandum indicated Haig requested telephone surveillance be placed

Approval for these electronic surveillances was obtained from Attorney General John Mitchell on May 12, 1969, and his signature and the date appear on page two of the memorandum.

We have no correspondence in our files showing any . instructions to our Washington Field Office to place an electronic surveillance on on May 9, 1969, May 12, 1969, or any other date. As Indicated in the attached interview of Mr. William C. Sullivan on June 15, 1974, he advised he had not instructed the Washington Field Office to institute an electronic surveillance on on May 9, 1969, either on his own authority or anyone else's. He was shown FBI logs showing an electronic surveillance on for the dates of May 9, 10, and 11, 1969. He stated he could furnish no information which would shed any light on how the coverage on could have been in effect for the above dates when the Attorney General's authority was not obtained until May 12, 1969. He stated his normal procedure was to telephonically contact Supervisor of our Washington Field Office and to instruct him to initiate coverage. He stated he assumed this procedure was followed when he was advised the Attorney General had approved the coverage on May 12, 1969. He indicated that, although he probably had seen the logs on dated May 9, 10, and 11, 1969, he could not state on what date or dates he may have seen them. He acknowledged his handwriting appears on the May 10, 1969, log. He advised that in reviewing mail, he frequently read the contents thereof without paying particular attention to the dates.

As indicated in the attached interview of Supervisor
of our Washington Field Office, he advised
that, to the best of his recollection, he received a telephone
call from William C. Sullivan who related he was calling
because the Bureau wanted some special coverage conducted on
the "highest authority." He stated Mr. Sullivan furnished him
the names of several individuals on whom this coverage should
be instituted, but cannot recall the identities of these
individuals. is unable to recall the date or day of the
week on which the call was received, but believes it was
received some ime during the afternoon. He stated he presently
has no written record regarding the above conversation with
Mr. Sullivan. He advised that Mr. Sullivan's instructions were
relayed to Supervisor Ernest H. Belter of the Washington Field
Office.
As indicated in the attached interview of Ernest H.
Bolter, now retired, Belter advised that, while he has no
clear recollection as to the specific time or date, sometime
probably in the Spring of 1969 he was instructed by Supervisor
to effect electronic surveillances on
, a mail named and a man named .
He believes there was a fourth person named, but does not at this
time recall the identity of the individual. He stated that,
while he is unable to specifically recall the date or time
he received his instructions from Supervisor, he believes
this initial request could well have been on a Friday, but
reiterated he has no record to substantiate his belief. He
does know that, after receiving the instruction from Supervisor
he initiated the necessary action to effect a contact
with the phone company. It is Mr. Belter's recollection that
on the same afternoon positive information was received on
the line.
In the attached interview of Mr. William C. Sullivan

In the attached interview of Mr. William C. Sullivan on June 18, 1974, he recalls being shown a memorandum by Mr. J. Edgar Hoover pertaining to a Camp David meeting. Mr. Sullivan does not recall the date this occurred. According to Mr. Sullivan, the memorandum indicated that at the Camp David meeting President Nixon was disturbed about White House leaks of information and indicated something had to be done about it. According to Sullivan, the memorandum indicated Mr. Hoover told President Nixon he would do something

b6

about the White House leaks, but Mr. Sullivan indicated there was no reference in the memorandum to possible utilization of electronic surveillances. Mr. Sullivan stated that in this meeting with Mr. Hoover, Mr. Hoover did not ask him to do anything regarding the White House leaks.

Concerning the meeting at Camp David referred to by Mr. Sullivan, Mr. Hoover's appointment book contains an entry showing that Mr. Hoover had dinner with the President and The Attorney General at Camp David on Friday, April 25, 1969. The appointment book contains no other clarifying information. A copy of the pertinent page of the appointment book is attached hereto.

Mr. Sullivan also recalled, during his interview on June 18, 1974, having seen a memorandum regarding a meeting between Dr. Kissinger and Mr. Hoover in early May, 1969. He recalled that the memorandum indicated Dr. Kissinger made a request of Mr. Hoover that certain wiretaps be put on to counteract White House leaks of information. Mr. Sullivan did not recall the names of any individuals mentioned. It is Mr. Sullivan's recollection that the memorandum showed that Mr. Hoover had told Dr. Kissinger that the FBI could initiate the wiretaps requested and that it would be done. Mr. Sullivan stated he has no recollection of having received any request from Mr. Hoover for any necessary action based on information set forth in the memorandum.

Concerning the meeting between Mr. Hoover and Dr. Kissinger in early May, 1969, Mr. Hoover's daily logs of telephone calls and personal meetings contain an entry showing that Dr. Kissinger met Mr. Hoover in Mr. Hoover's office at 4:27 p.m., May 5, 1969. No other such meetings were recorded during early May, 1969. The daily logs also show that the President telephoned Mr. Hoover at his home at 6:55 p.m., May 2, 1969. The logs show contacts between Dr. Kissinger's office and Mr. Hoover's office during the day May 5, 1969, in connection with an appointment for Dr. Kissinger. The logs also record that immediately following the meeting between Mr. Hoover and Dr. Kissinger at 4:27 p.m., May 5, 1969, Mr. Hoover attempted unsuccessfully to telephone Assistant Director W. C. Sullivan at 4:43 p.m.

As indicated in the attached interviews of Mr. John
P. Mohr, Miss Helen Gandy,
and these individuals were
unable to furnish any information regarding the memoranda
referred to by Mr. Sullivan regarding the Camp David meeting
and Dr. Kissinger's meeting with Mr. Hoover on May 5, 1969.
, and were the employees
who handled all of Mr. Hoover's dictation.

An exhaustive search was made of all FBI records in an effort to locate the two memoranda referred to by Mr. Sullivan concerning the Camp David meeting and the meeting between Mr. Hoover and Dr. Kissinger in early May, 1969. However, no trace of these documents could be found. Documents such as these, if related to the use of wiretaps concerning the White House leaks at that point in time should have been filed along with similar documents, such as the five memoranda prepared by Mr. Hoover on May 9, 1969, concerning his exchange of telephone conversations with Dr. Kinsinger on that date. The May 9, 1969, memoranda were among those turned over to Mr. Sullivan's care by Mr. Hoover and which were subsequently turned over by Mr. Sullivan to Mr. Robert C. Mardian, former Assistant Attorney General, in the Summer of 1971.

The May 9, 1969, memoranda, with other related documents, were recovered by the FBI from the White House May 12, 1973, where they had been in the custody of Mr. John D. Ehrlichman. The two memoranda referred to by Mr. Sullivan, concerning the Camp David meeting and the early May, 1969, meeting between Mr. Hoover and Dr. Kissinger, were not among the documents recovered and inventoried on May 12, 1973. The FBI has no inventory or record of documents turned over to Mr. Sullivan by Mr. Hoover, nor do we have an inventory or record of documents turned over to Mr. Sullivan.

With respect to the date and time of installation of the first four wiretaps installed in connection with this case, the only available records we could check which could establish this are the logs of the wiretaps. These show that the wiretap on could not have been installed later than 6:20 p.m., May 9, 1969. The wiretap on could not have been installed later than May 13, 1969, although the time of day is not known. The first recorded time

The Attorney General The Director's daily logs of telephone calls and personal meetings do not show that Mr. Sullivan was in Mr. Hoover's office any time between April 25, 1969, and May 31, 1969. However, in light of Mr. Sullivan's statement concerning having seen memoranda relating to Mr. Hoover's Camp David meeting and his meeting with Dr. Kissinger in early May, 1969, the daily logs should not be considered infallible. #### CURRENT FBI ANALYSIS

Essentially, it appears that two basic questions should be answered concerning the 17 wiretaps placed between May, 1969, and February, 1971, in connection with leaks of highly sensitive national security information from the White House. The best way to resolve the questions would be to produce unassailable documentary evidence. However, an exhaustive search of FBI records has been made, and the documents needed to provide the solution cannot be located.

Therefore, since the best evidence, i.e., complete documentation, cannot be located, we feel that a professional analysis of the available facts is the next best way of helping to resolve the issues. Our analysis does not cover the basic issue of whether the wiretaps were properly and legally placed, based on the constitutional powers of the President and the state of the law at the time. Our previous legal analysis has fully convinced us that the wiretaps were legal.

Our professional analysis then is concerned with (1) the issue of who actually initiated the wiretaps; that is, who actually suggested, requested, or ordered the installation and use of the wiretaps; and (2) the issue of why the wiretap was evidently installed on May 9, 1969, whereas the Attorney General authorization was not effective prior to May 12, 1969.

First, and foremost, all available FBI records available for analysis and review are the records recovered from the White House May 12, 1973, after they had been turned over to former Assistant Attorney General Robert C. Mardian by former Assistant to the Director William C. Sullivan in the Summer of 1971. The FBI has no record of what records were turned over to Mr. Mardian by Mr. Sullivan; therefore, we have no way of knowing whether we did, in fact, retrieve all of the records originally turned over to Mr. Mardian. This is mentioned, not in any sense as an accusation that some of these records may have been removed prior to their return to FBI control, but only as one of the many unknown factors in trying to arrive at a logical conclusion as to the facts.

All of those records retrieved from the White House have been carefully reviewed, and it is not possible to establish with any degree of certainty the role Dr. Kissinger played in the initiation of the wiretaps. The initial document recording the request by the White House for the wiretaps states that the request was made personally by then Colonel Alexander M. Haig of Dr. Kissinger's Office, and Colonel Haig stated this request was being made on "the highest authority." This immediately

suggests that the President, not Dr. Kissinger, was the initiator of the request.

One memorandum, a personal memorandum from Mr. Sullivan to Mr. Hoover, dated May 20, 1969, records that Dr. Kissinger reviewed logs of the first four wiretaps in Sullivan's office and told Sullivan that he (Kissinger) wanted the coverage to continue for a while longer on the first four names, to which would be added new ones. This memorandum also recorded that Dr. Kissinger stated "It is clear that I don't have anybody in my office that I can trust except Colonel Haig."

We understand that Dr. Kissinger has indicated he attended a meeting between the President, Attorney General, and J. Edgar Hoover on May 9, 1969, or previous to that time, concerning the very serious matter of leaks of national security information from the White House. Supposedly, the matter of wiretaps was discussed at that meeting, perhaps with Mr. Hoover suggesting this technique as one means of discovering the source of the leaks. We know that no such meeting occurred on May 9, 1969, since the President and Dr. Kissinger were in Key Biscayne, Florida, on that date while Mr. Hoover was in Washington.

A review of Mr. Hoover's appointment book and logs of his telephone calls and personal meetings in his office (copies attached hereto) reveals that Mr. Hoover had dinner with the President and the Attorney General at Camp David on April 25, 196). There is no information available to indicate Dr. Kissinger was present, although he may well have been.

Mr. Hoover's daily log reveals the President telephoned him at his home at 6:55 p.m., May 2, 1969. Subsequently, at 12:05 p.m., May 5, 1969, Colonel Haig of Dr. Kissinger's Office called and left a message, since the Director was out at the time. At 1:12 p.m. Colonel Haig called the Director's telephone room and confirmed an appointment for Dr. Kissinger. At 3:55 p.m. and 4:10 p.m., Dr. Kissinger's Office called to advise that

Dr. Kissinger would be a little late. At 4:27 p.m. Dr. Kissinger met with Mr. Hoover, and at 4:43 p.m. Mr. Hoover attempted to reach Assistant Director William C. Sullivan.

The events surrounding the meeting at Camp David on April 25, 1969, and Dr. Kissinger's visit to Mr. Hoover's office on May 5, 1969, following a telephone call from the President on May 2, 1969, tend to support the theory that Mr. Hoover had possibly discussed the very serious matter of White House leaks with the President, the Attorney General, and Dr. Kissinger. Such being the case, the matter of wiretaps being a valuable tool in the investigative effort to pinpoint the source of the leaks logically would have come up. We know that the then Attorney General John N. Mitchell had been somewhat critical of the restrictive attitude of former Attorney General Ramsey Clark concerning the use of wiretaps. We feel, therefore, that Mr. Mitchell would have certainly been amenable to the suggestion for use of wiretaps.

Mr. Hoover's attitude respecting the use of wiretaps has traditionally been a negative one. FBI records are replete with evidence of his repugnance for use of wiretaps, and it is, therefore, highly unlikely that he would have initiated a suggestion for their use in this case. We think, however, if the President and the Attorney General had voiced an opinion that wiretaps were in order, Mr. Hoover would not have opposed them in any way. In absence of any documentary evidence, however, the FBI cannot supply facts concerning the conversations that might have taken place where Mr. Hoover took part concerning the suggestion, proposal, or recommendation that wiretaps be used.

With respect to specific documentation regarding Mr. Hoover's meeting with the President and Mr. Mitchell at Camp David on April 25, 1969, and his subsequent meeting with Dr. Kissinger on May 5, 1969, an effort was made to determine if Mr. Hoover had made any record of these meetings. Mr. Hoover's personal Executive Assistant of many years, Miss Helen W. Gandy, felt in her own mind that Mr. Hoover would have dictated a record of those two meetings since he always carefully recorded important meetings and discussions. She does not now recall that he did prepare such records. Upon interview, as related above, secretarial personnel could not recall preparing memoranda relating to these two meetings.

Since Mr. W. C. Sullivan played a key role in this matter, he has been interviewed at length concerning his recollection of the sequence of events and the facts surrounding the use of wiretaps in this case. Results of his interviews are attached.

Mr. Sullivan advised that he did not instruct the Washington Field Office to initiate electronic surveillance coverage on \_\_\_\_\_ on May 9, 1969, either on his own authority or anyone else's. He stated his normal procedure was to telephonically contact a specific supervisor in the Washington Field Office and instruct him to initiate coverage after specific authorization had been obtained.

However, logs of the wiretap on reveal the first call monitored was at 6:20 p.m., May 9, 1969. This fact then raises the second important question; i.e., "when was the wiretap (at least on actually requested, and who authorized it?"

Washington Field Office personnel were interviewed at length, and pertinent Agents were unable to recall sufficient facts to resolve the question. The coordinating supervisor, who does recall having been instructed by W. C. Sullivan to have the first wiretaps installed, cannot now recall the date or the identities of those wiretapped. He thought Mr. Sullivan furnished him the names of several individuals on whom coverage was to be instituted but could not recall identities of those individuals. As a matter of record, however, the other three wiretaps (besides were not monitored prior to May 13, 1969, even if they were installed prior thereto.

The Special Agent who handled the technical work could recall only that the request came possibly on a Friday and that he worked late that evening to insure that the correct line was being monitored so that he would not have to come in the next day. He does not recall the day of the month, but May 9, 1969, was on Friday.

While it is recorded that the first wiretap, the wiretap, was initiated on May 9, 1969, the question as to who ordered (or requested) it is still unresolved. We do know, however, that on May 9, 1969, a series of telephonic

discussions took place between Mr. Hoover and Dr. Kissinger concerning the seriousness of the leaks, and specifically
about a leak appearing in a New York Times article by
1969. Dr. Kissinger declared that
this particular leak was extraordinarily damaging and used
secret information. Dr. Kissinger asked that the FBI use whatever
resources were needed to find out who was responsible.
resources were needed to lind out who was responsible.
Mr. Hoover posed the problem to his executive staff 66
and through appropriate contacts information was developed
concerning three possible suspects in connection with the leaks.
These suspects were
and . All three were connected with the National
Security Council, and all three were acquainted with
author of The New York Times article referred to by
Dr. Kissinger.
bod manage allegate and to school
had reportedly gone to school, possibly at the same time as at. Harvard University.
possibly at the same time as at, harvard university.
reportedly had a roommate at Harvard undergraduate
school who was then (in May, 1969) a staff member of the National
Security Council. This information was melephoned to Dr. Kissinge
by Mr. Hoover at about 5:05 p.m., May 9, 1969. Insofar as
Mr. Hoover and the FBI were concerned at that point,,
were all good possibilities as suspects
in the leaks. However, and this is a most significant point,
only was targeted for a wiretag. We cannot conceive
of Mr. Hoover or anyone else in the FBI making a unilateral
decision to wiretap to the exclusion of the other two
logical suspects.
This leads to a somewhat logical conclusion that be
during the discussion between Mr. Hoover and Dr. Kissinger
beginning at 5:05 p.m., Dr. Kissinger made the decision to
wiretap but not the other two. If such were the case,
Mr. Hoover would have immediately instructed (probably W. C.
Sullivan) to institute the wiretap on, and this would
account for the Washington Field Office Agent's recollection
of staying late to have the wiretap installed and working so
he would not have to come in on Saturday nogeibly May 10, 1969

The Director's daily log does not show that Mr. Hoover made a call to Sullivan following the 5:05 p.m. call to Dr. Kissinger. However, if Mr. Hoover used his direct line to Sullivan, such call would probably not have been logged.

The records retrieved from the White House reveal that on May 10, 1969, Mr. Sullivan tried to contact Mr. Hoover at his home and, being unsuccessful, left a message with Miss Gandy for Mr. Hoover. Sullivan related that Colonel Haig had visited him on the morning of May 10, 1969, and made certain requests concerning a colonel at the Pentagon. Sullivan said that he did not want to move on this until he had gotten Mr. Hoover's approval, and "they" did not want anything in writing.

This record supports the theory that as of May 10, 1969, not all of the original four wiretap requests had been previously requested since it would appear that the colonel in the Pentagon referred to above was probably Colonel one of the four initially wiretapped in this case.

We can offer no explanation as to the reason why the memorandum to the Attorney General dated May 12, 1969, in which the first four wiretaps were requested and approved did not set forth the fact that one of the wiretaps had already been initiated on May 9, 1969. If the theory is correct that Dr. Kissinger made the request for the wiretap during the conversation at 5:05 p.m. on May 9, 1969, it would have been logical under the circumstances to state in the memorandum that the request had been made for the wiretap on on May 9, 1969, and that, because of the urgency and source of the request, it had been initiated on the basis of expected authorization by the Attorney General on the following workday (Monday, May 12, 1969).

It can be speculated also that when the request was made late in the day (Friday) May 9, 1969, Sullivan had no reasonable expectation that the installation could be made prior to May 12, 1969, since it would be difficult to get the installation made on the evening of May 9, 1969, or during the weekend. This does not account for failure of the May 12, 1969, memorandum to state that the request was made

May 9, 1969, instead of May 10, 1969, as set forth. However, in the haste to get the memorandum to the Attorney General, a shortcut in the administrative language could have occurred. In other words, in the preparation of the memorandum, it would have been much simpler to set forth that all of the wiretaps were requested by Colonel Haig on May 10, 1969, than to go into the more complicated details of one being requested May 9, 1969, by Kissinger and the others on May 10, 1969, by Colonel Haig.

The only other possibility is that Colonel Haig and W. C. Sullivan independently worked out the details early on May 9, 1969, and Sullivan bypassed Mr. Hoover on the request on May 9, 1969, ordering it without advance clearance from either Mr. Hoover or the Attorney General.

In any of these considerations, it must be remembered that, according to Sullivan's first membered and the subject dated May 11, 1969, he wrote that Colone's Haig had stressed that the matter was so sensitive that it demanded handling on a need-to-know basis, with no record being maintained. He said in fact, that if possible it would be desirable to have the matter handled without going to the Department of Justice; although Sullivan was told that the Attorney General was aware in general terms of the main elements of the security problem.

Here we have a request for a weversal of our normal operating procedures relating to wiretaps. Ordinarily, the FBI initiates the request for the wiretap. It is the FBI seeking authority under constitutional power of the President to install the wiretap, and the Attorney General, acting for the President, grants or denies that authority.

But in the case of the wiretaps in question, these were being requested from authority higher than the Attorney General; i.e., being requested in the name and office of the Presidency, which is the source of authority.

It can, therefore, be stated that these wiretaps for and on behalf of the White House required no additional authorization or approval of the Attorney General. Therefore, the various memoranda to the Attorney General were merely a device to insure that the FBI was not acting unilaterally. Can the President instruct the Director of the FBI to install a national security wiretap without consulting the Attorney General? Our answer was that we believed he had the authority and we acted on that belief.

Many of the nagging questions could undoubtedly be answered, at least in part, if records could be located of Mr. Hoover's visit to Camp David, his telephone conversation with the President on May 2, 1969, and his meeting with Dr. Kissinger on May 5, 1969. We have not located these records. However, as noted in the attached report of interviews of Mr. Sullivan, he recalls reading memoranda relating to a Camp David meeting probably on April 25, 1969, and a meeting with Dr. Kissinger probably on May 5, 1969.

Mr. Sullivan recalls that subsequent to Mr. Hoover's meeting with the President at Camp David on April 25, 1969, Mr. Hoover showed him a memorandum he prepared concerning the meeting and told Sullivan that this memorandum would never leave his (Hoover's) office. According to Sullivan, this memorandum dealt with three main topics: (1) Then Deputy Attorney General Richard Kleindienst was pressing Mr. Hoover to testify before Congress on the FBI's electronic surveillance activities in general. Mr. Hoover was very much opposed.

(2) The matter of the White House leaks was discussed, and the FBI was urged to do something about the problem. Mr. Hoover promised that the FBI would do something. (3) Criticism of Mr. Hoover was discussed, although Mr. Sullivan does not recall the nature of the criticism.

Sullivan also recalls that after Mr. Hoover's meeting with Dr. Kissinger on May 5, 1969, he saw a memorandum concerning the meeting with Dr. Kissinger. Sullivan said this memorandum recorded the fact that Dr. Kissinger had requested Mr. Hoover to utilize certain wiretaps in an effort to stop the leaks. However, Sullivan could not recall the names of any individuals mentioned.

Unfortunately, Mr. Hoover's dealy log does not show that Mr. Sullivan was in Mr. Hoover's office anytime between April 25, 1969, and May 31, 1969. However, in light of Mr. Sullivan's statement, the possibility should be considered that the daily log is not infallible.

Sullivan's recollection of the subject matter of the two memoranda described above is somewhat supportive of Dr. Kissinger's reported recollection of discussions prior to May 9, 1969, concerning the use of wiretaps in efforts to stop the leaks.

All of the evidence we have developed points to the fact that there was active collaboration between White House and FBI officials, including the President, Dr. Kissinger and then Colonel Haig, Mr. Hoover, Mr. Sullivan, and other FBI representatives in the attempt to identify and plug the leaks of extremely sensitive national security information. The White House obviously realized that in order to detect these leaks, which were coming from the very highest levels in the White House, extraordinary measures were necessary to prevent our investigative efforts from being exposed and neutralized. This factor, which in itself was a major problem, had to be considered along with the politically explosive factor of public reaction and opinion if the use of wiretaps against White House personnel and others were to be exposed.

By the same token, Mr. Hoover's reluctance to use wiretaps and his longstanding policy of requiring prior Attorney General authorization before wiretaps were used, may have been an annoyance to those in the White House who felt they were an important investigative tool. Couple this with W. C. Sullivan's personal philosophy that Mr. Hoover's wiretap policy was too restrictive and add the ingredient of the White House supporting his philosophy, rather than the restrictive Hoover policy, and the problems of misunderstanding and administrative mishandling are created. This entire analysis is dependent on the simple premise that the wiretaps were legal and proper and that whether Kissinger or the President or J. Edgar Hoover initiated them is irrelevant so long as the President approved of their use and/or was aware in advance of their proposed use and authorized them. We believe that Presidential approval was granted in advance, regardless of how it may have been expressed or given.

Mr. John P. Mohr, 3427 North Edison Street, Arlington, Virginia, former Assistant to the Director of the FBI, was interviewed at his residence.

It was explained to Mr. Mohr that logs in the possession of the FBI indicate that the late Director J. Edgar Hoover met at Camp David on April 25. 1969, with President Nixon and then Attorney General John N. Mitchell. Logs also indicate that on May 2, 1969, at 6:55 PM Mr. Hoover received a telephone call from President Nixon, which call was received at Mr. Hoover's residence, and on May 5, 1969, Dr. Klasinger visited with Mr. Hoover in the late Director's office at 4:27 PM. Mr. Mohr was further informed that memoranda concerning each of these three above-related incidents could not be located in FBI files. Mr. Mohr advised that Mr. Hoover nearly always recorded meetings and telephone conversations with important officials and that if he had dictated such memoranda they would in all probability have been dictated to Mr. Mohr advised that he had absolutely no information as to whether memoranda were prepared by Mr. Hoover concerning the above-related incidents or if they were prepared did he have any idea, where they might be located.

Mr. Mohr continued that on May 2, 1973, the date of Mr. Hoover's death, he was instructed by Mr. Kleindienst to "secure" the Director's office. On receiving that instruction Mr. Mohr proceeded to Mr. Hoover's office and barred the cabinets in Mr. Hoover's office. He recalls that the official files of Mr. Hoover's office were later, on an unrecalled date, moved to then Acting Associate Director's office, Mr. Felt. Mr. Mohr was advised that all of the material from Mr. Hoover's office, which was later removed to Mr. Felt's office, had been inventoried and searched and no information pertaining to the seventeen wiretaps had been found in that material.

In the presence of interviewing Agents Mr. Mohr telephonically contacted former Associate Director Ciyde Tolson. He telephonically reconstructed the three events listed above and inquired of Mr. Tolson if he had any recollection concerning memoranda that may have been prepared concerning same. Mr. Tolson replied to Mr. Mohr in the negative.

Mr. Tolson also advised Mr. Mohr that he had no recollection concerning Mr. Hoover having briefed him concerning any of these events and, therefore, was not in a position to advise concerning them nor of any memoranda prepared concerning them. Mr. Mohr did advise that in previous contacts with Mr. Tolson it had been determined that he has been having difficulty remembering events going back as far as five years.

On 9/17/75 Mr. Mohr telephonically contacted me and advised that he
had received a phone call from reporter for the Washington
Post newspaper, and asked Mr. Mohr for any comments that he might
like to make concerning the recent article in Time Magazine which alleged that
Mr. Mohr had made the decision to destroy the note received from Oswald,
Mr. Mohr advised that he told he would make no comment whatsoever.
then wanted to know how the law suit was progressing with regard to
Mr. Tolson's will, and Mr. Mohr also advised that he told he had
no comment to make.

Shortly after this phone call Mr. Mohr received a call from an Associated Press reporter and he wanted to know if he had any comment concerning the article appearing on page one of today's New York Times relative to the Oswald matter. Mr. Mohr advised he informed this individual that he had not seen the article; however, he had no comment to make.

RE: INTERVIEW OF HELEN W. GANDY. FORMER EXECUTIVE ASSISTANT TO THE DIRECTOR OF THE FAL BY SEC STAFF MEMBERS

The following information concerning the interview of Miss Helan W. Gandy by members of the Staff of the SEC in Washington, D. C., on May 15, 1975, was voluntarily furnished to the FBI by Miss Gandy and by Mr. John P. Mohr, former Assistant to the Director of the FBL who was present during the interview at the request of Miss Gandy.

Miss Gandy was interviewed by Staff Members from approximately 19:20 a.m. to 1:00 p. m. , and from 2:00 p. m. to 3:00 p. m. Staff Member was also present during the morning session of the interview. Miss Gandy was not placed under oath, and she was not advised of her rights or that she could be represented by personal counsel.

The questioning of Miss Gandy was directed primarily toward obtaining information on procedures and personnel in the office of former Director Hoover, on the floor plan of Mr. Roover's office suite, on the "Official and Confidential" (OC) files maintained in Mr. Hoover's office, and on the destruction of Mr. Hoover's personal correspondence by Miss Gasdy after Mr. Hoover's death.

Miss Gandy said she was asked about the setup of Mr. Hoover's office suite and that the questions showed a special interest in the rear exit of the suits. She explained that this exit was

HE: INTERVIEW OF HELEN W. GANDY

Miss Gandy was asked whether files were kept in the Telephone Room and answered that the only files kept there were background material necessary to the functioning of that office. She was asked if a record was kept of telephone calls and visitors to the Director. She replied that a daily log was maintained, and that these logs were permanently filed in the main Bureau files.

	wire candl are since it that age and the ottice
	of the mail clerk, She answered "yes," and described
	these files as mainly photograph files and scrapbooks.
	Concerning the mail in Mr. Hoover's office, Mr. Mohr
6	said raised a question about "Expedite Processing" of
	mail, to which Miss Gandy replied that the personal and confidential
	mail for Mr. Hoover was handled by and that she,
	Miss Gandy, was not aware of just how this mail was handled. Mr. Mohr
	said he explained to the questioners that this mail was received in the
	Routing Unit of the Records and Communications Division and was
	taken unopened to who opened it. The clerical employee
	who brought the mail then logged it and stamped "Expedite Processing"
	on the left-hand edge. Then, the clerical employee would take the log
	back to the Routing Unit and when the mail was subsequently returned
	to the Routing Unit for regular filing surposes, the item would be crossed
	off the log. Mr. Mohr said wanted to know if the
	"Expedite Processing" logs were maintained permanently and Mr. Mohr
	answered that to his knowledge the logo were not kept after the items
	on a particular log had been accounted for.

Mr. Mohr said that Miss Gandy was asked about procedures regarding Mr. Hoover's commitments and she explained that each morning the employees in the Telephone Room prepared a "commitment card" of Mr. Hoover's commitments for the day and this card was placed on Mr. Hoover's desk the first thing in the morning

RE: INTERVIEW OF HELEN W. GANDY

for his information. Miss Gandy told the questioners that she received a copy of the commitment card and that these cards were not retained permanently. Mr. Mohr said that it was explained to the interviewers that the Bureau had an instruction that items of a temporary nature were to be destroyed after they were 90 days old and Miss Gandy indicated to the interviewers that commitment cards were in this category. Mr. Mohr said Miss Gandy was queried at length as to just how Telephone Room employees got their information to make up the commitment card and she explained that all employees in Mr. Hoover's office made certain the Telephone Room employees were promptly advised of all Mr. Hoover's commitments as they were made.

Further, concerning the Telephone Room, Mr. Mohr said the interviewers were informed that calls for Mr. Hoover were received in the Eureau switchboard and were then referred to the Telephone Room in Mr. Hoover's office. The employees in the Telephone Room connected Mr. Hoover with the calls. Mr. Mohr said the interviewers asked whether the Telephone Room "screened" Mr. Hoover's calls and that they were informed that the Telephone Room did not "screen" them except for "nut" calls.

Miss Gandy said she informed interviewers, in response to questions, that she did receive calls from persons wishing to speak with Mr. Hoover and if he was in his office, the calls would be transferred to his Telephone Room. She said \_\_\_\_\_\_\_ made a remark about a special telephone connection between Mr. Hoover and former Attorney General Robert Kennedy and also remarked that Mr. Hoover and former Attorney General John Mitchell also had a special telephone connection.

Miss Gandy said she corrected \_\_\_\_\_\_\_ immediately by informing him that no special telephone connection existed with any Attorney General except Attorney General Kennedy.

Concerning the OC files maintained in Mr. Hoover's office suite, Miss Gandy said she informed the interviewers that these files were kept in a locked file cabinet and occupied about one and

one half or two file drawers. In answer to questions from the interviewers, Miss Gandy said she informed them that on the day of Mr. Hoover's death she spoke with Mr. Clyde Tolson, who was then Acting Director of the FBI, and with Mr. Mohr and asked to whom she should deliver the OC files and other Bureau material contained in Mr. Hoover's office.

Bureau material such as interesting cases, monographs and manuals be delivered to Mr. Mark Felt who then was Assistant Director-Deputy Associate Director of the FBL. Miss Gandy said she was exhaustively questioned by as to whether she called Mr. Tolson or he called her and concerning Mr. Tolson's location at the time.

Miss Gandy said she told Mr. Enstein that at this late date she had no idea who called whom but was assured that she and Mr. Tolson communicated. She was also asked when Mr. Tolson arrived at Mr. Hoover's house on the morning of Mr. Hoover's death. She answered that Mr. Tolson arrived there seen after Mr. Hoover's body was discovered. Miss Gandy said she asked the interviewers if they desired more details of that morning and was told that they did not.

Miss Gandy said she told the interviewers that Mr. Tolson's instructions were carried out. The OC files and the index cards pertaining to them and the other Bureau material mentioned above were placed in cartons and delivered to Mr. Felt. She was asked who delivered the cartons to Mr. Felt's office and answered that she believed that the delivery was handled by messengers or maintenance personnel, but indicated she was not certain about this.

Miss Gandy said she told the interviewers that as soon as Mr. L. Patrick Gray III was named to head the FBI, Mr. Felt brought him to the Director's office to afford him an idea of the office setup. After Mr. Gray indicated a very special interest in the files in her office, the contents of these files were explained to him and he

was invited to view the contents. Mr. Gray did glance through a drawer and obviously was satisfied that they contained personal correspondence only and was also satisfied that the Bureau material had been delivered to Mr. Felt.

Miss Gandy said there was much questioning about the index cards which pertained to the OC files. She told the interviewers that they were filed in one index file, that cards of a different color were used and that this index file was locked.

Miss Gandy said she told the interviewers that strictly personal correspondence of Mr. Hoover had been contained in the file cabinets in her office and that from time to time during the past fifty years, files which were no longer current were eliminated. Concerning the destruction of Mr. Hoover's personal correspondence, she told interviewers that on the day of Mr. Hoover's death, she advised Mr. Tolson of Mr. Hoover's expressed instruction that his personal correspondence be destroyed, that Mr. Hoover had begun a review of these personal files sometime prior to his death and that some of them had been already destroyed.

official who had files in his office that he considered confidential and relating to the Bureau's work would immediately transfer such files to Mr. Felt and prepare a memorandum stating exactly what was transferred to Mr. Felt. Mr. Mohr said he told he, Mr. Mohr, had no idea how many files Mr. Felt collected as a result of Mr. Hoover's instruction. Mr. Mohr said it was interesting to note that he was not asked at any time whether he had turned over any files to Mr. Felt in connection with Mr. Hoover's instructions. Mr. Mohr stated that Miss Gandy was asked during her interview whether there were any files of Mr. Hoover's personal correspondence in Mr. Hoover's former home at the present time and Miss Gandy replied,"no." questioned Miss Gandy at Mr. Mohr said length concerning her title as "Executive Assistant." wanted to know when she acquired this title and she said she could not recall. asked whether anyone else at the FBI had occupied this position and Miss Gazdy explained that she was the only employee with the title of Executive Assistant who had served under Mr. Hoover during his tenure in cifice. Mr. Mohr said he was not sure what was behind lengthy questioning about this title, but Mr. Mohr got the impression that may have been trying to find out

Miss Gandy said that at one point during the interview, the questions concerned Mr. Hoover's being advised of Bureau matters. She said the interviewers were teld by her and by Mr. Mohr that Mr. Hoover was never out of touch with the Bureau, day or night, whether he was in town or out of town.

### FEDERAL BUREAU OF INVESTIGATION

Date of transcription $\frac{6/9/75}{}$
John P. Mohr, 3427 North Edison, Arlington, Virginia, telephone number KE 8-5249, former Assistant to the Director, Federal Bureau of Investigation furnished the following information:
Mr. Mohr was on duty at FBI Headquarters on 5/2/72, the date of former Director Hoover's death. Sometime during that day he had a conversation with Miss Helen Gandy who indicated to him that prior to Mr. Hoover's death Mr. Hoover had told her to start destroying his personal correspondence files. As he recalled Miss Gandy indicated she had completed destruction of approximately one-third of these files at the time of Mr. Hoover's death. Miss Gandy indicated to Mr. Mohr that she had talked with Clyde A. Tolson, then Associate Director of the FBI, as to whether she should continue destruction of these files and was informed by Mr. Tolson that she should continue. Mr. Mohr stated that Miss Gandy subsequently informed him that when L. Patrick Gray III, who had been appointed Acting Director, came through on a tour of the Director's Office, Miss Gandy told him that she was destroying Mr. Hoover's personal correspondence files and that Mr. Gray told her to continue with that destruction. Miss Gandy told Mr. Mohr that W. Mark Felt, former Assistant Director - Deputy Associate Director had offered to make available to Miss Gandy a room on the fifth floor of the Justice Building where she could continue review and destruction of the personal correspondence files; however; Miss Gandy declined this offer. He said Miss Gandy preferred to have these files taken out to Mr. Hoover's house and he thinks arrangements were made whereby personnel from the Mechanical Section of FBI Headquarters brought these files to Mr. Hoover's house. He was also of the impression that
assisted Miss Gandy in the review of these files at Mr. Hoover's residence prior to their destruction.
Mr. Mohr stated that following Mr. Hoover's death a large number of boxes containing gifts Mr. Hoover had received plus gifts he had purchased to give to friends were taken from Mr. Hoover's Office to his residence. He had no specific information as to who transported this material to Mr. Hoover's residence.
Sometime after Mr. Hoover's death, dates not recalled, personnel from the District of Columbia Tax Assessor's Office came to Mr. Hoover's residence and in the company of Mr. Mohr inventoried the entire contents of Mr. Hoover's home for tax purposes. It is his understanding the complete inventory is maintained in the District of Columbia Tax Assessor's Office.
Inspector Hunter E. Helgeson

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Mr. Mohr advised he knows of no official - confidential files taken to Mr. Hoover's house subsequent to his death and stated "there were never any Bureau files taken to Mr. Hoover's house." He pointed out during the inventory of the contents of Mr. Hoover's house mentioned above he would have seen such files had they been there and observed none.

Concerning the official - confidential files maintained in the Office of Mr. Hoover, Mr. Mohr stated that while he was aware certain files were maintained by Miss Gandy in Mr. Hoover's Office he was not aware of the nature or the contents of these files with the exception of a file on then President Richard M. Nixon. Mr. Mohr stated these files were maintained in Mr. Hoover's Office "so that clerks wouldn't go browsing through them."

At no time did he issue any instructions concerning the disposition of these files after Mr. Hoover's death. He recalled a conversation with Miss Gandy very shortly after Mr. Hoover's death wherein she either told him that these files were being transferred to Mr. Felt's office or asked him if these files should be transferred to Mr. Felt's office. In either case, he would have agreed that they should be transferred to Mr. Felt's office and it was his understanding that this was done; however, he has no specific recollection as to who performed this function. As he recalls Miss Gandy indicated that the volume of official - confidential files which were to be taken to Mr. Felt's office consisted of approximately 1 1/2 file drawers. Miss Gandy subsequently told Mr. Mohr that she had also sent to Mr. Felt's office a number of Bureau monographs together with bound "interesting case" write-ups.

At this point Mr. Mohr observed that prior to Mr. Hoover's death, exact dates unrecalled, information had been received that former Assistant to the Director William C. Sullivan had turned over to Robert Mardian of the Justice Department the files on "17 White House wiretaps" and at that time Mr. Hoover ordered all Assistant Directors to turn over to Mr. Felt any files maintained by them in their offices. He recalled that "quite a bit" was turned over to Felt. Mr. Mohr made this observation by way of explaining that Felt would have had the above-mentioned files in his office prior to the time the official - confidential files were brought to his office from the office of Mr. Hoover. Mr. Mohr advised that currently there are two four-drawer filing cabinets at Mr. Hoover's former residence which contain "mainly investment data." He has gone through this material and there are no Bureau files or property whatsoever included.

Mr. Mohr was specifically asked if he knew of any files taken from Mr. Hoover's Office to the apartment of Associate Director Clyde A. Tolson after Mr. Hoover's death and he stated he had no information whatsoever that such had occurred.

Approximately two days after the death of Mr. Tolson on $4/12/75$
Mr. Mohr stated that former chauffeur for Mr. Hoover, asked
him if he could obtain some cardboard boxes to pack some stuff in at Mr. Hoover's
house. Mr. Mohr recalls contacting someone, identity not recalled, at FBI
Headquarters, and made arrangements to have some empty cardboard boxes brought
to Mr. Hoover's house. He recalled that a Bureau employee,
subsequently brought some empty boxes to Mr. Hoover's residence and gave them
to Mr. Mohr does not know what utilized these boxes for
but thinks he may have put trash in them.
Mr. Mohr has no information whatsoever to indicate that any files were removed from Mr. Hoover's residence subsequent to the death of Clyde Tolson. Mr. Mohr stated that he has gone through Mr. Tolson's effects since his death and no official Bureau files are included therein.

### FEDERAL BUREAU OF INVESTIGATION

Date of transcription June 27, 1975

John P. Mohr, 3427 North Edison, Arlington, Virginia, former Assistant to the Director, Federal Bureau of Investigation, furnished the following information telephonically:

His first recollection of being at the residence of former FBI Director J. Edgar Hoover following Hoover's death on 5/2/72 was around July, 1972, when people from the District of Columbia Tax Assessor's office were there. He is positive he was not at Mr. Hoover's residence when officials from the Riggs National Bank, Washington, D. C., were there in connection with Mr. Hoover's estate shortly after Mr. Hoover's death. He does know that someone from the bank was there shortly after Mr. Hoover's death through conversations he has had with Miss Helen Gandy, former Executive Assistant to Mr. Hoover.

On this first visit to Mr. Hoover's residence the recreation room was "over half full of cardboard boxes," which he estimated to be over 250 in number.

He has no knowledge whatsoever of 20 to 25 file cabinets being delivered to Mr. Hoover's former residence, does not think that this could have occurred and has no idea where such a large number of file cabinets could have originated. He made no arrangements with anyone to take any file cabinets to Mr. Hoover's residence subsequent to Mr. Hoover's death.

He has no knowledge of anything being moved out of Mr. Hoover's former residence subsequent to the death of Mr. Tolson in April, 1975.

SENATE SELECT COMMITTEE TO STUDY COVERNMENTAL OPERATIONS WITH RESPECT TO INTELLIGENCE ACTIVITIES (ESC) INTERVIEW OF FORMER ASSISTANT TO THE RE: DIRECTOR JOHN P. MOHR BY SSC STAFF MEMBERS Set out below is information voluntarily furnished to the FBI by Mr. Mohr following his interview by representatives of the Staff of the SSC in Washington, D. C., on May 9, 1975. Mr. Mohr was interviewed by Staff Members and

approximately 10:20 a.m. to 12:30 p.m. He was not placed under oath and he was not advised of his rights or that he could be represented by personal counsel.

At the outset of the interview, it was apparent that its purpose was to assist the SSC Staff Members in trying to understand how the flow of mail proceeded in the FBI under Mr. Hoover's directorship. For example, Mr. Mohr was shown FBI documents relating to the Socialist Workers Party as well as COINTELFRO documents which were obtained by under the Freedom of Information Act. No

substantive questions were directed to Mr. Mohr regarding these documents but were shown to him in order that Mr. Mohr might identify who the final authority was in approving such documents.

In addition to the above, the Staff Members asked Mr. Mohr to emplain the difference between an SAC Letter and a letter to all SACs. They also asked Mr. Nohr if the Bureau maintained a separate file on all SAC Letters.

RE: INTERVIEW OF FORMER ASSISTANT TO THE DIRECTOR JOHN P. MOHR BY SSC STAFF MEMBERS

Mr. Mohr was also questioned about the procedures he followed in securing Mr. J. Edgar Hoover's office after Mr. Hoover's death. Mr. Mohr told the Staff Members that the article. which appeared in "The Washington Star" by columnist was an accurate recording of what took place following Mr. Hoover's death. The Staff Members requested Mr. Mohr review in considerable detail exactly what he did to secure Mr. Hoover's office following his death.

The question of former Associate Director Clyde Tolson's will was also raised by Staff Members. Mr. Mohr advised the interviewers that of Clyde Tolson, had not decided at that time whether he was going to contest the will.

Mr. Mohr was also asked about the whereabouts of Miss Helen Gandy, former Executive Assistant to Mr. Hoover. He advised that he did know her whereabouts and telephone number but promised he would not reveal them to anyone. Mr. Mohr was asked whether Miss Gandy would agree to being interviewed by Staff Members of the SSC. He advised that he would attempt to persuade Miss Gandy to agree to being interviewed on the condition he be allowed to be present during the entire interview. The Staff Members interposed no objection to that arrangement and Mr. Mohr indicated that he would advise of Miss Gandy's desires under the conditions stipulated above.

On May 12, 1975, Mr. Mohr telephonically advised that he recalled some additional topics covered during the interview of May 9, 1975, which he desired to furnish to the FBI. Specifically, Mr. Mohrerecalled that he was asked if he knew who prepared the "surreptitious letters" the Bureau had mailed in the Socialist Workers Party case. Mr. Mohr advised the Staff Members that he did not know but presumed these letters were prepared in the Document Section of the FBI Laboratory.

RE: INTERVIEW OF FORMER ASSISTANT TO THE DIRECTOR JOHN P. MOHR BY SSC STAFF MEMBERS

Mr. Mohr also recalled that during his interview of
May 9, 1975, he had advised Miss Gandy had turned over to b6
Mr. Mark Felt of the FBI the official and confidential files
of Mr. Hoover which amounted to one-half a file drawer.
Subsequently, Mr. Mohr learned from Miss Gandy that the official
and confidential files turned over to Mr. Felt amounted to
one and one-half file drawers. This information was subsequently
furnished to by Mr. Mohr. On that occasion,
asked Mr. Mohr whether an itemized list of the
official and confidential files was made and if so where the
list was. Mohr told that he was sure a list was
made and that in all probability the list accompanied the
official and confidential files turned over to Mr. Felt by
Miss Gandy.
In addition to the above, Mr. Mohr on May 12, 1975,
recalled that asked about a requirement of all Bureau
employees to turn over any confidential files in their possession
ordered by Mr. Heaver following the revolution that former
Assistant to the Director William C. Sullivan had turned over
certain confidential files to former Assistant Attorney General
Mardian. Mr. Mohr advised that Mr. Hoover had in
fact levied such a requirement on Bureau officials and that all
confidential files were to be turned over to Mr. Felt along with
a memorandum explaining the nature of these files.
asked Mohr where these memoranda would be filed. Mohr responded
by saying he presumed they were confidential memoranda and would
have gone with the confidential files turned over to Mr. Felt by
Bureau officials meintaining such files.

NOTE: The original and one copy of this LHM is being furnished to the Attorney General. The copy is to be forwarded by the Attorney General to Mr. James A. Wilderotter, Associate Counsel to the President. The information herein was taken from two memoranda, Cregar to Wannall, dated 5/9 and 12/75 entitled "Senstudy 75."

"Newsweek" magazine, Washington, D.C., called this morning advising that he had heard from a source who has been reliable in the past, to the effect that two Agents were sent to the home of Clyde Tolson Monday evening, 4/14/75, the day of his death, with a truck and carted away some files which were subsequently brought to the home of Mr. John P. Mohr, former Assistant to the Director.

Upon checking with Mr. Mohr, was advised that there was absolutely no truth to his story. It should be noted that Mr. Mohr advised that most of the furnishings at Mr. Tolson's home have been removed over the past several months and that there were some associates of the family and who had stopped by the house sometime Monday with some empty boxes to help remove additional furnishings. As you know, Mr. Mohr is the Administrator of Mr. Tolson's estate and stated that there was simply no truth to the allegation that any Agents had gone to the home in a truck to transfer any files to his residence, as alleged.

On 11/7/75, \_\_\_\_\_\_ of the Senate Select Committee requested that former Assistant to the Director John P. Mohr and former Assistant to the Director Cartha DeLoach be made available for Staff interview concerning their briefings of various Attorneys General concerning Bureau operations.

SAC James O. Ingram of the New York Office was instructed to inform DeLoach of the Senate Select Committee's request and the fact that that Committee would contact him in the near future for purposes of arranging an interview with him. Unsuccessful attempts were made on 11/7/75 to contact Mr. Mohr by the Legal Counsel Division to apprise him of the Senate Select Committee's request. Mr. Mohr subsequently contacted Assistant Director John A. Mintz of this Division concerning this matter.

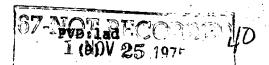

Mr. DeLoach telephonically contacted SA of this Division on 11/10/75 and advised him he had been notified of the Senate Select Committee's request that he be interviewed and informed SA that he had retained Attorney of the firm Welch and Morgan to represent him. Mr. DeLoach stated that Morgan would contact the Committee to arrange for interview of Mr. DeLoach.

Mr. Mohr and Mr. DeLoach were previously released from their employment agreement for purposes of this interview. (See Legal Counsel to Mr. Adams memo dated 11/10/75 captioned "Senate Select Committee.")

I have been advised by our Public Affairs Office that of "Time" magazine has made inquiry concerning the truth of an allegation to the effect that there was an "in group" consisting of John P. Mohr, Nicholas P. Callahan, Eugene W. Walsh and myself which arranged that each year during the 15 years from 1957 through 1972 to award each member of the in group in connection with his annual performance rating some form of monetary recognition, such as an incentive award or quality salary increase.

I wish to categorically deny participating in or having any knowledge of such an activity.

I have been advised by the Records Management Division that during the 15 years in question my personnel file reveals that I received monetary recognition in the form of an incentive award or a quality salary increase in connection with my annual performance rating in only six of the years in question and that during the four years from 1969 through 1972 I received monetary recognition in connection with my annual performance report in only one year, that being in the form of an incentive award.

I hereby authorize the Bureau to release the data as set forth in the preceding paragraph.

Re: Ownership of Property Which May Have Passed under the J. Edgar Hoover & Clyde A. Tolson Wills

Dear

Pursuant to a telephone conversation between you and of this staff early last week, enclosed are copies of inventories which have been made by Federal Bureau of Investigation (FBI) representatives of certain property which was formerly located in the suite of offices occupied by the late J. Edgar Hoover. It is now stored under the control of the FBI.

The material includes awards, plaques, mounted editorials and articles from various publications; congratulatory messages on anniversaries or other occasions, photographs; caricatures as well as editorial cartoons; certificates and honorary degrees; Federal Bureau of Investigation athletic trophies; scrapbook articles; and other miscellaneous items.

It is described in the enclosed specific inventory of 18 boxes of awards and plaques, and general inventory of 62 boxes, packets and containers containing editorials and

articles, congratulatory messages, photographs, caricatures, editorial cartoons, certificates, honorary degrees and other miscellaneous items.

The Attorney General has requested that appropriate steps be made to dispose of this considerable material. It is, therefore, necessary to determine the lawful ownership of the property.

It is our understanding that when Mr. Hoover's estate was inventoried in connection with the probating of his will, the existence of this material in the custody of the FBI was not brought to the attention of the appraiser or the Court. It is not known whether or not Mr. Tolson, the executor, residual beneficiary, Deputy, and long-time friend of Mr. Hoover, knew of its existence.

If the material now in the custody of the FBI was the property of Mr. Hoover, it would have passed to Mr. Tolson under the residuary clause of Mr. Hoover's will. To the extent the executor under the Tolson will should choose to include it in the trust contemplated in Item 7 of the second codicil of Mr. Tolson's will and to the extent that the United States chose to accept it, it would become the property of the United States.

After you and Mr. John PN Mohr, the executor, have had an opportunity to examine the enclosed inventories, we would appreciate an opportunity to meet with you to explore procedures for finally establishing ownership of the property now held by the FBI. Please telephone on 739-3432.

Yours very truly,

# John Mohr, 86, Hoover Confidant and Ally at

By ROBERT McG. THOMAS Jr.

John P. Mohr, the crusty, pokerplaying F.B.I. official who became a member of J. Edgar Hoover's inner circle and later played a central role in the mysterious disappearance of Hoover's legendary files on politicians, died last Saturday at a hospital near his home in Arlington, Va. He was 86 and had retired in 1972 as assistant to the director.

His wife, Stella, said the cause was renal failure.

In the last dozen years of Hoover's almost half-century reign as Director of the Federal Bureau of Investigation, Mr. Mohr was one of a handful of bureau officials who had his ear and trust.

Mr. Mohr was occasionally identified as the bureau's No. 3 man, behind Hoover's inseparable companion, the associate director, Clyde Tol-son, But in an organization that had room for only one overweening ego, Mr. Mohr was shrewd enough to remain in the shadows.

It was not until after Hoover's death, in May 1972, that the full dirilension of his position began to be known beyond the bureau's fifthfill headquarters at the Department of Justice. It was Mr. Mohr. for example, who was chosen by Mr. Tolson to notify the acting Attorney General, Richard Kleindienst, of Hoover's death. It was Mr. Mohr who will given the responsibility of sealing 1 the Director's personal office, and it was he who supervised the funéral arrangements.

"To those who had known him it was hardly surprising that Mr. Mohr carried out each of the duties with the same scrupulous efficiency and discretion that had marked his rise through the F.B.I.

Mr. Mohr was a plumber's son who was born in West New York, N.J., and grew up in Kingston, N.Y. He went to Washington as a football hero, won a scholarship to American University there and later earned a law degree at night school.

John P. Mohr

#### A crucial figure in the disappearance of secret files after Hoover's death.

Along the way, he became so smitten with a Government secretary, Stella Morris, that when he could not wangle an introduction, he introduced himself and promptly asked her to a dance, "I knew the answer was yes, but I made him wait a few days," she said yesterday, recalling that the dance was on Nov. 3, 1934.

After their marriage four months later, Mrs. Mohr continued working to put her husband through law school, but he never practiced. In 1939, while working at a low-level job in the Justice Department, he learned that the F.B.I. was desperatefor qualified agents in the opening months of World War II and prompt-

If Mr. Mohr had dreamed of a career tracking down desperadoes, he was soon disappointed. After just a few months in the San Francisco and Los Angeles field offices, he was summoned back to headquarters.

In an era when a casual criticism of bureau operations could lead to banishment to a remote field office, it was a tribute to Mr. Mohr's instincts for survival and his aptitude for flattery, as well as to his proficiency, that he not only remained in Washington for two decades but also advanced steadily.

He might be brusque at times and give vent to sudden anger, but partly through the camaraderie of regular poker parties at the Blue Ridge Club near Harper's Ferry, W.Va., Mr. Mohr cemented relations with many of his colleagues and powerful outsiders, like James Jesus Angleton of the Central Intelligence Agency.

A budget specialist who frequently accompanied Hoover to Congressional hearings and who was a master at hiding secret bureau expenditures, Mr. Mohr was considered a logical successor to the Director. But Hoover had created such fear during his long and autocratic reign that President Richard M. Nixon deliberately passed over insiders to pick L. Patrick Gray, a Justice Department official, to head the bureau.

Mr. Mohr and his colleagues succeeded in driving Mr. Gray out within a few months, but not before the new Director had forced Mr. Mohr to resign.

Even then, as later investigations concluded. Mr. Mohr continued to receive an array of illicit favors that he had enjoyed as a high bureau official, including regular servicing of his car.

And no wonder. In the wave of investigations that followed Hoover's death, Mr. Mohr's tight-lipped loyalty became manifest. When Mr. Kleindienst, for example, concerned about preserving Hoover's secret

ly signed up to be a G-man, as he told F.B.I., Dies

tiles, ordered Mr. Mohr to sal the Director's personal office, Mr. Mohr did so, without mentioning that the Director, who had eight other offices crammed with files, kept none in his personal office. (He also repeatedly insisted there were no secret files, blithely explaining later that the files on politicians were not "secret," because he knew all about them.)

By the time the truth became apparent, truckloads of files had been taken to the basement recreation room of Hoover's 30th Street house. There, various witnesses have said, Hoover's longtime secretary, Helen Gandy, spent weeks poring over them under Mr. Mohr's supervision. She insisted the files were all personal papers with no relevance to the F.B.I., but her account was given little credence, especially after neighbors told of seeing Mr. Mohr and others, including a man a neighbor recognized as Mr. Angleton, carting many boxes away before the remainder of the files were shipped off for shredding.

Mr. Mohr later testified that he had taken only some cases of

"spoiled wine."

Within days of Hoover's death, Mr. Mohr obtained power of attorney from Mr. Tolson, who had suffered a series of strokes and resigned after a day as acting director, moving into the 30th Street house he had inherited along with the bulk of the Hoover estate. When Mr. Tolson died three years later, Mr. Mohr was his executor. That became a matter of some embarrassment after the will, which left \$20,000 to Mr. Mohr, was challenged by relatives of Mr. Tolson. After an F.B.I. secretary testified that she had forged Mr. Tolson's signature at Mr. Mohr's behest, the matter was settled out of court.

In addition to his wife, he is survived by a son, Richard, of Herndon, Va.; a daughter, Jeanne Scott of Clifton, Va.; three brothers, Phillip, of Cincinnati, Paul, of Bellevue, Wash., and Chester, of Ocala, Fla., and four

grandchildren.
